## PART – A

### EXECUTIVE SUMMARY

MVR College of Engineering and Technology, Paritala, is one of the renowned Engineering Colleges in Andhra Pradesh, with ISO 9001-2008 Certification, located at 25 kilometers from Vijayawada city on National Highway -9 beside the world famous gigantic Lord Shri Hanuman statue and within hailing distance of newly proposed capital of Andhra Pradesh “Amaravati”. The college is the brain child of Swarna Academy of Sciences. The first bell echoed in the year 2008, with a profound mission to offer quality technical education to students. Up to 2010, the college was affiliated to Acharya Nagarjuna University but switched over to JNTU Kakinada in the year 2010 for the benefit of budding engineers.

The College was established in 2008 in a sprawling 10.79-acre lush green campus amid beautiful Eastern Ghats hill ranges, well maintained lawns, commodious buildings with state -of- the - art laboratories and elegant infrastructure, persistent power backup and highly accomplished professionals to cater to the needs of technocrats and management students and make them great problem solvers, project leaders, communicators and ethical citizens of global community. All the courses offered by College are approved by All India Council for Technical Education (AICTE), an apex body of the Government of India. The details of courses are as follows:

S.No.	Programme	Branch	Intake
UG			
1	B.Tech.	Civil Engineering	120
2		Electrical & Electronics Engineering	60
3		Mechanical Engineering	120
4		Electronics & Communication Engineering	120
5		Computer Sciences Engineering	60
PG			
1	Management Studies	Master of Business Administration	180

## Mandatory Disclosure

2	M.Tech.	Structural Engineering	24
3		Transportation Engineering	24
4		Power Electronics & Drives	24
5		Thermal Engineering	24
6		Communication Engineering & Signal Processing	24
7		Computer Science & Engineering	24

### CURRICULAR ASPECTS

As Jonathan Swift said, “vision is the art of seeing what is invisible to others”, MVR College of Engineering and Technology has set its own Vision and Mission. College strictly follows the footsteps of the curriculum prescribed by the affiliated university apart from that the college takes suggestions from eminent scientists, academicians, Industry Professionals, civil servants, to introduce innovative programs for the benefit of the students. Further, our industry tie-ups, alumni interactions and co-curricular activities make the students more competitive and industry ready. Our time table permits to conduct good number of programs on soft skills, problem solving skills, time management, curricular, co-curricular, extracurricular activities, motivation, remedial classes etc to enhance the skills of students.

### TEACHING - LEARNING AND EVALUATION

The institute gives wide publicity to its infrastructure, staff and other facilities through website, newspaper advertisements and also publishes a special news edition called “**MVRNEWS**”. 70 percent of the seats are filled by APEAMCET. Financially weaker students are supported by State Government scheme called “**Fee Reimbursement**”. Our institution is gender un-biased. Policies adopted by Govt. of Andhra Pradesh are strictly followed for the benefit of the students. The institution follows a well-structured plan for smooth conduct of courses and the staff and the student ratio is maintained as per the norms. Subject allotment, study materials (both soft and hard copies) will be formulated in advance and course files which consist of information on all academic and extra-curricular activities such as workshops, seminars, symposiums are made available to workforce. Our library “**The Temple of Learning**” has been implementing open access system since inception and our stacks have loaded

## **Mandatory Disclosure**

---

with rich collection of rare books and reference library consists of unique collection of ancient manuscripts, e-books, e-journals. Delnet makes the students get access to reputed journals and opens the doors of libraries in every nook and corner of the world. Digital library consists of rare video lectures, documentaries, inspiring speeches of great orators. Special cell is established in the library for researchers and a photo copy machine is available to all the students, researchers and faculty. The college provides subsidy on photo copies to the researchers and faculty members. The language laboratory, internet lab, LMS materials, virtual labs, computer lab facility provide a good environment for students to learn the concepts and apply them to practical projects. A number of events on academic improvement, societal and environmental issues etc. are organized time to time. The institute provides support to its faculty members for their overall growth and development. They are granted special leaves for higher studies, research and are sponsored for seminars, workshops and conferences.

### **Internal Assessment:**

The institute follows a transparent internal evaluation system. Internal assessment tests are conducted as per the guidelines of the affiliated University. Each faculty member has to give two sets of question papers out of which one set will be selected by the college controller of the examination. After the evaluation of answer scripts, students are given a chance to verify the same and sign on it. Progress reports are sent to parents after internal assessment tests by registered post. Basing on the internal marks, slow learners are identified and they are counseled in the presence of their parents and remedial classes are scheduled for them. For academically bright Students Bridge Courses and Enrichment Courses are conducted on selected subjects during vacation period. Communication skills classes and personality development classes are scheduled simultaneously along with regular time table.

### **RESEARCH, CONSULTANCY AND EXTENSION**

**“Research is to see what everybody else has seen and to think what nobody else has thought”** Albert Szent Gyorgy. College encourages faculty members to apply for research projects and provides financial support to them. We believe empowerment of engineering students is achieved with strong theoretical knowledge, interdisciplinary skills, creativity, innovation, hands on expertise and professional ethics. Faculty members of MVR College are encouraged to pursue Doctorates from different leading universities.

# **Mandatory Disclosure**

---

## **INFRASTRUCTURE AND LEARNING RESOURCES**

The management of MVR College of Engineering has planned the infrastructure requirements as per the norms. All physical facilities like class rooms, seminar halls, laboratories, tutorial facilities, R&D centers are built as per the guidelines of the affiliated university. The College has 5 acres of play ground with outdoor and indoor courts, gymnasium, Cultural activities, health and yoga facilities are also present. The master plan provides an insight about the future vision of the institution. Separate residential facilities are provided for boys and girls with Wi-Fi, mineral water and security round the clock which represent home away from home.

### **Health Care Center**

The college has a health care center with sophisticated life saving equipment attached to the hostel with ambulance and also has an MoU with super specialty hospital for regular and emergency cases. A highly qualified residential doctor visits the hostel every day to look after students and educates them on hygiene.

### **Canteen**

The college has hygienic canteen and Mess facility for the staff and the students which offers Indian and Continental delicious vegetarian and non vegetarian dishes at subsidized rates.

### **Placement Cell:**

Placement Training is a unique strength of our institution. The trainers, with their vast and rich experience, train the students on employability and Personality Development skills from second year of under graduation onwards. Placement Training is customized to meet the needs of the students as well as expectations of the industry. Our placement cell is well established with GD, Interview rooms and AC seminar halls filled with modern equipment and also computer center with sufficient number of systems with LAN and 20 MBPS Wi-Fi facilities, with licensed software as per requirements to conduct online GRE, TOEFL and GATE examinations. CALL (Computer Aided Language Lab) has been established with an intention to make the students proficient in global language for which the college has procured special software called “Rosetta Stone”. Our placement cell conducts on/off campus drives at regular intervals, for that it has created a special account in Face book where all the present and

## **Mandatory Disclosure**

---

former students become members so that they can share information regarding placement drives.

### **STUDENT SUPPORT AND PROGRESSION**

The college has a separate grievance cell for boys and girls to tackle ragging, eve-teasing and discipline issues. One of the senior professors will be appointed as the chairman of the community to look after the issues. Strict punishment will be given to the students who will violate the rules

### **Alumni Association**

“**Past always guides present**” With this intention the college has established Alumni Association in the year 2012. Regular annual meetings are conducted in the college campus where members interact with students and give valuable suggestions to them. The college takes feedback from the alumni members to improve academics and also invites them to give seminars. The Alumni Association has been offering a helping hand to the economically weaker students.

### **Monitoring of Slow Learners:**

The College takes up the measures to monitor the slow learners. Separate classes are conducted to the academically weaker students from evening 5 PM to 7PM. Our committed staff maintain phone contact with parents and dropout students and visit their houses during Sundays and semester holidays with progress report to counsel both parents and students. Staff monitor the career growth of the students.

### **Social Responsibility**

College becomes a stage for the students to exhibit their hidden talent. The students are motivated to take part in several responsible administrative positions which not only improve their leadership skills but also help them to achieve the academic excellence. Participation in several events, research, NSS, blood donation camps, Swatchh Bharat, orphan home visits will inculcate social responsibility amongst the students.

# **Mandatory Disclosure**

---

## **GOVERNANCE, LEADERSHIP AND MANAGEMENT**

M.V.R College of Engineering and Technology is governed by Swarna Academy of Sciences which was established in the year 2008 in Vijayawada. The institute has been contributing Engineering and Management Education with a vision to be the best in creative and social development which generates concepts for research through creative activities and prepares the students as capable ethical leaders. As an academic institution, MVR College of Engineering has the richness and depth commonly found in the larger Engineering Colleges.

The college is continuously learning, evolving with every year and updating the needs of the companies by promoting all necessary requirements. We believe in the overall development of students. The institution is striving for excellence and imparting practical knowledge through technical expertise ever since its inception. Engineering students are privileged to have world class education and ultra modern lab facilities, over all personality development with the support of Management and dedicated staff.

Our generous Management of the college has appointed one of the senior faculty members as Governing Body member. Management takes suggestions from the faculty members time to time and discusses academic matters such as result, feedback, syllabus coverage etc., All the stakeholder are involved in the development of the institution.

## **INNOVATIONS AND BEST PRACTICES**

The College has adopted various measures to maintain a green campus which helps in developing an eco-balanced environment. The College ensures environmental consciousness in the minds of the students by conducting environmental awareness programmes very often. A mandatory course “Environmental Studies” is prescribed in 1<sup>st</sup> semester of R13 syllabus of UG program by affiliating university. As engineering subjects are introduced in the 1<sup>st</sup> semester B. Tech by the university, the college has established an “Innovation and Entrepreneurship Development Cell” to meet the challenge and need of the society. College has adopted certain best practices like “Mentoring System”, Student Information System, Research cell and “Entrepreneurship drive among students” “App creation cell innovative ideas cell” which make MVR College of Engineering as one of the best institutions to enhance the performance of the students. College has an NSS unit of 50 Students. Different socially significant administrations are given by NSS Students to encompassing towns like leading

---

blood gift camps intermittently. Adoption of slums, Services in slums and Swachh bharat in surrounding villages for cleaning actions.

## **STRENGTH**

Our college is one of the pioneer institutions in imparting engineering education with emphasis on research, innovation, entrepreneurship and skill development.

- 25 acre lush green campus in which the college is located in 10.79 acres
- State of the Art research laboratory
- Innovation and Entrepreneur Development Cell
- Incubation, In-house Product Development and R&D Centre
- Research Projects funded by Government Agencies
- ISO Certification with 9001:2008
- Young and motivated Faculty members mentored by experienced professors.
- 20 MBPS Wi-Fi enabled campus
- Energetic, enthusiastic and experienced faculty
- Abundant trust of parents and alumni
- Visionary management team
- Innovative teaching practices
- Student mentoring system
- Exclusive Training Department and Excellent Placement facilities
- Industry specific add-on training programmes
- Commodious Infrastructure
- Separate Hostels for Girls and Boys
- Innovation Centre

## **WEAKNESSES**

- Poor Communication skill of students: As most of the students are first generation learners, their communication skills need to be improved.
- Campus placements of the college need to be improved.
- Aptitude of the students for higher learning needs to be developed.

## **Mandatory Disclosure**

---

- Involvement of Staff in research is limited due to non availability of residential campus and hectic academic schedule.

### **OPPORTUNITIES**

- Situated at 10 km (aerial view) from Andhra Pradesh Capital city.
- Enhancing engineering values among socio-economic background.
- Promoting the young and motivated faculty members towards research and academic excellence.
- Industry institute interactive learning programme to prepare the students industry- ready.
- To promote the active engagement of the learner as experimental and experiential learner.
- Enhancement of research and entrepreneur activity in the field of engineering and technology.

### **CHALLENGES**

- Continuous change in technology that challenges the employability of the students.
- More number of Engineering Colleges creates unhealthy competition.
- Input quality of students, their academic performance and provision for placement opportunities.
- To develop the language proficiency levels of the students with telugu medium background and make them reach the expectations of the industry.
- There is a huge shortage of experienced and qualified faculty because lack of interest in teaching profession
- It becomes herculean task for the institution because of the inordinate delay by the Government in reimbursing the tuition fee for economically and socially weaker sections.

## **Mandatory Disclosure**

---

### **B- Brief Write Up about the College- PREFACE**

- MVR College of Engineering & Technology is located at Paritala a hamlet in Kanchakichala mandal which is one of the most rustic and backward areas in Krishna dominion in the newly formed state of Andhra Pradesh. It is 28 KMS away from Vijayawada, one of the ancient cities of the state. The college was established by Swarna Academy Sciences with a profound vision and mission. The chairman of this college is Mr. M. Srinivasa Babu, an eminent industrialist.
- With the untiring efforts of the Management, the staff and the students, we have decided to undergo Assessment by the most prestigious symbol of excellence, National Assessment and Accreditation Council (NAAC).
- The college has put all efforts to give the best possible Technical Education to the RURAL STUDENTS. Our direction of global vision is to meet every challenge with an indomitable spirit. It knows no complacency when it comes to the standards of excellence and quality assurance of the institute. The college took initiative for accreditation, as it is an important tool to establish and enhance the status of the institute by research-oriented and value-based education
- I extend my sincere thanks to all the members of the Steering Committee and the other committees whose promptness, zeal and critical comments have helped us for executing this task with the desired results. The entire team of teaching faculty, staff and students have made their valuable contribution for its realization.
- Utmost care and sincere hard work have gone into the compiling of this SSR, incorporating the departments' profiles with brevity and conciseness and by avoiding any superfluous explanation and repetitions. The annexure elucidating the details and augmenting facts stated in the various criteria have been compiled methodically and the same would be made available during the on-site visit of the NAAC Peer team to the institute.

Dr. P.V. Naganjaneyulu

**Principal**

### 29. Is the college applying for Accreditation:

Cycle 1  Cycle 2  Cycle 3  Cycle 4

## **Mandatory Disclosure**

---

Re-Assesment:

(Cycle 1 refers to first accreditation and Cycle 2, Cycle 3 and Cycle 4 refers to re-accreditation)

30. Date of accreditation\* (applicable for Cycle 2, Cycle 3, Cycle 4 and re-assessment)

31. Number of working days during the last academic year.

32. Number of teaching days during the last academic year:

(Teaching days means days on which lectures were engaged excluding the examination days)

33. Date of Establishment of Internal Quality Assurance Cell (IQAC)

IQAC :01/06/2014

34. Details regarding submission of Annual Quality Assurance Reports (AQAR) to NAAC: **NA**

35. Any other relevant data (not covered above) the college would like to include.

(Do not include explanatory/descriptive information): **NA**

## CURRICULAR ASPECTS

### 1.1 Curriculum Planning and Implementation

#### Vision

- To be the best in producing global technocrats, highly creative, sound in research and ethical leaders who contribute to the social and economical development of the country.

#### Mission

- MVR College of Engineering and Technology empowers global community by graduating talented and skilled technocrats making them think rationally, critically and creatively for life-long engagement in conducting research & development through advanced technologies and preserving our culture at the same time.

#### Quality Policy

- A centre of excellence with quality infrastructure, experienced faculty and industrial exposure, imparting value based education on par with international standards by adopting modern training methodologies and fulfilling the expectations of students and parents towards continuous improvement in education and placement. Utmost care is taken to maintain all types of accreditations.

#### Objectives

- To educate, train & develop students to learn, seek and grow in academic and ethical aspects.
- To provide conducive environment for creativity & research.
- To have a constant dialogue between the institution and industry this makes the organization to reach new heights.
- To develop innovative ideas and thoughts which helps a student to be an entrepreneur.

## **Mandatory Disclosure**

---

**1.1.2. How does the institution develop and deploy action plans for effective implementation of the curriculum? Give details of the process and substantiate through specific example(s).**

- Yes, The College does follow a systematic process for effective implementation of curriculum designed by JNTUK University. The task of implementing curriculum is entrusted to an internal committee with all HODs as members headed by the Principal. The interests, strengths and expertise of the faculty are taken into account while assigning the subjects to the faculty well before the commencement of a semester.
- The academic calendars with all curricular activities are planned during a semester / year corresponding with University calendar. The laboratory classes with concerned lab manuals are prepared and given to the students for each subject before the commencement of the semester. This is a continuous and on-going process at our Institute. Apart from the traditional black-board based teaching, the faculty is encouraged to adapt modern methods such as Group Discussions, Paper Presentations, Assignments, Intra-department Seminars, etc. 60 % of our teaching faculty members are ratified by the University. Our course files ventilate the following:

Course File	
1	Individual Time Table
2	Course Objective and PEOs
3	Syllabus
4	Lesson Plan
5	Lecture notes,PPTs of subjects
6	Tutorial Questions and Answers
7	Mid papers and Questions
8	University Previous Questions papers
9	Slip Tests

## **Mandatory Disclosure**

---

10	Lecture notes for extra topics covered
11	List of slow learners and action plan
12	syllabus coverage and actual no. of classes taken
13	Result Analysis

### **1.1.3 What type of support (procedural and practical) do the teachers receive (from the University and/or institution) for effectively translating the curriculum and improving teaching practices?**

- The college faculty takes part in the refresher courses, orientation programs and workshops, organized by the Affiliating University regarding the introduction of new curriculum and syllabus.
- The institution takes the change of syllabus with seriousness. Besides University orientation programs it also conducts private sessions where the newly designed syllabus is discussed with the teaching faculty. It also makes sure that the advanced lab equipments as well as books and software prescribed by the University are kept available to everybody in-advance. Further special faculty development programs are organized to make faculty aware of the changing technology and techniques in engineering field.
- It also invites industrially eminent people from various backgrounds to share their knowledge and opinions on the newly designed syllabus. The Industry-institute interactions and MOUs from premier institutes and Organizations are effectively utilized to impart the practical exposure to the teachers and students. It is also striving its best to develop In-House Research Facilities and also encourage its faculty to attend seminars. It makes them aware of forth coming international/ national/ conference/ seminars/ workshops in their respective areas. Departments organize workshops, Seminars, Conferences by inviting eminent personalities to enhance the knowledge of stakeholders.

## **Mandatory Disclosure**

---

### **1.1.4 Specify the initiatives taken up or contributions made by the institution for effective curriculum delivery and transaction on the Curriculum provided by the affiliating University or other statutory agency.**

- The college Governing Body and the Academic Council are two main important academic bodies of the institution. These bodies have eminent personalities from academic, industry and other walks of life as members.
- The bi-annual meetings of these bodies are held to discuss key issues in tune with the vision and mission of the institution and give major academic directions to the institution. Based on the broad guidelines given by these two bodies; wide range of discussions will be taken among all the stakeholders. This involves the feedback taken from the students, their performance, placement achievements, feedback from faculty etc. at Department level Academic program planning will be finalized by the Principal in consultation with Members of Academic Council.
- Based on Academic Council's recommendations, the academic schedule is developed to address the needs of the students. The college prepares its own Academic calendar taking into consideration the overall development of the students.
- The Institute encourages the faculty to attend the refresher courses, seminars and workshops organized by JNTUK, Kakinada. Frequent industrial visits to nearby industries are organized to provide practical exposure to the students on the subjects in the curriculum.
- T&P (Training & Placement Cell) of the institution will provide necessary training in technical and general aspects for the employability of the students

## **Mandatory Disclosure**

---

### **1.1.5 How does the institution network and interact with beneficiaries such as industry, research bodies and the University in effective operationalisation of the curriculum?**

- The institution takes a lead in bringing modern equipments and machines at hand to faculty as well as students. The faculty is provided with modern audio-visual aids to use while delivering lectures which makes the class an effective one.
- The college Training & Placement cell keeps continuous contacts with industrial eminent and takes guidelines from them in improving students' standards and making them industry ready.
- Throughout the academic year all the students are taken on Industrial visits and study tours in local as well as out of state places, where they are given chance to explore the technical world and its advances. They are even brought into contact with industrially knowledgeable personalities who expand their horizons of wisdom.
- Along with students, faculty are, without any limitations encouraged to extend their services in the research field which helps them to become more efficient in subject teaching.
- They are further motivated to take up membership in familiar and prestigious research bodies like CSI, IEEE, ISTE, IE, IETE etc.
- The faculty maintains good relation with their parent branch at Affiliating University and gets updated about the new arrivals in the fields and also about the curriculum and its timely implementation. Further the home branch Professors are invited to college to give guest lectures.

### **1.1.6 What are the contributions of the institution and/or its staff members to the development of the curriculum by the University?(number of staff members/departments represented on the Board of Studies, student feedback, teacher feedback, stakeholder feedback provided, specific suggestions etc).**

- The process of student feedback, teacher feedback and analysis is shared

## **Mandatory Disclosure**

---

with various stake holders in various forms and some good process has been implemented to contribute the quest for excellence. Suggestions and recommendations are shared with University from time to time in revising the syllabus.

- The institution takes feedback from the outgoing students on the curriculum. The same is discussed within the respective departments. Worthy suggestions are then presented to the Board of Studies of JNT University Kakinada at the time of revision of the curriculum. In the meantime, the faculty teaches additional topics that add value to the student community. The departments get associated with University in bringing suggestions and difficulties regarding curriculum to the notice of respective Boards of Studies.

**1.1.7 Does the institution develop curriculum for any of the courses offered (other than those under the purview of the affiliating University) by it? If 'yes' give details on the process (Needs Assessment, design, development and planning) and the courses for which the curriculum has been developed.**

- No. Being an affiliated Institute, it follows curriculum prescribed by JNTUK, Kakinada.

**1.1.8 How does institution analyze/ensure that the stated objectives of curriculum are achieved in the course of implementation?**

**The achievement of stated objectives of the curriculum is ensured by the following means:**

- Conducting oral tests, assignments and unit tests to ascertain whether the students have understood the concepts well or not.
- Conducting Group Discussions to ensure that the students are able to comprehend the knowledge they have gained.
- Analyzing the work of the students in laboratory, mini projects and major projects to make sure that the students are able to apply their knowledge

# **Mandatory Disclosure**

---

they have learnt.

- Organizing seminars/workshops/association activities for the students to ensure that the students are able to integrate their learning from different subjects.
- Performing a thorough result analysis at the end of each semester
- By taking feedback, suggestions and opinions from various stakeholders and sharing that information with affiliated University.
- By dividing students into 20 members as a group and appointing a staff member as a mentor, a mentoring system is implemented in the institution for overall development of student performance

## **1.2 Academic Flexibility**

### **1.2.1 Specifying the goals and objectives, give details of the certificate/diploma/ skill development courses etc., offered by the institution.**

- The institution does not offer any certificate/diploma/skill development courses separately. However, the institution emphasizes heavily on skill development for the students. The institution has a dedicated training department that trains the students on English Language, Aptitude & Reasoning, and Interview facing skills and Programming skills.

#### **Following are the objectives of the Training Department:**

- Preparing the students to be effective communicators.
- Preparing the students to face campus selections with confidence.
- Enhancing the employability of the students.
- Creating an awareness “how to think to succeed” among the students.

Our goal and objective is to address the needs of the society, by uplifting rural students through technical education. We have also included the industry oriented training and development programs, personality development courses, soft skills for improving living standards of their families and thereby developing

## **Mandatory Disclosure**

---

the backward areas and modernizing them.

### **1.2.2 Does the institution offer program that facilitate twinning /dual degree? If 'yes', give details.**

- The Institute does not offer such programs.

### **1.2.3 Give details on the various institutional provisions with reference to academic flexibility and how it has been helpful to students in terms of skill development, academic mobility, progression to higher studies and improved potential for employability**

- The institution is affiliated to JNTUK so there are some restrictions on academic flexibility but the institution as following some of these provisions to have academic flexibility.

### **Elective Subjects:**

- Students have an option to choose his elective out of his interest among subjects/fields offered by the University. The following is the pattern where student can opt.
- In third and fourth years of B.Tech,
- In first and second year of M.Tech,
- In second year of MBA,

### **Enrichment courses:**

- Conducting programs on Communication skills and soft skills by Jawahar Knowledge Center and CRT to enhance the student's academic and employment skills. The following methods have been adopted in this regard:-
- Additional lecture hours were introduced for problem oriented and difficult subjects.
- Seminars for students and Guest lecturers given by eminent persons in emerging areas from industry.

## **Mandatory Disclosure**

---

- Performing additional experiments than prescribed in the syllabus
- Topics beyond curriculum adopted from reputed universities in India and abroad.
- Mini projects and industry based final year projects
- Industrial visits.

**1.2.4 Does the institution offer self-financed programs? If “yes” list them and indicate how they differ from other programs, with reference to admission, curriculum, fee structure, teacher qualification, salary etc.**

- All the programs offered by the institute are self-financed. All the programs are approved by AICTE and JNTU Kakinada to which the college is affiliated. The college regularly conducts Personality Development Programs which enhance the IQ level and communication skills of the participants. The college also invites guest speakers from the industry who provide regional and global employment opportunities for the students. Special classes are taken for communication skills taking into consideration the rural background of the students. The coaching on Campus Recruitment Training (CRT) for attending interviews in industries is also imparted to students. The Courses offered by the institution are

S.No	Program Level	Name of the Program/ Course	Branch	Duration In Years	Entry Qualification	Medium of Instruction	Sanctioned /approved Student Strength
1.	Under-Graduate	ECE CSE EEE MECH CIVIL		04	10+2	English	120 60 60 120 120

	Male	Female	Male	Female	Male	Female	
<b>Ph.D</b>	23	1	-	-	-	-	24
<b>PG</b>	3	-	23	3	83	40	152

- The admission process is as per the regulations of A.P state Government both for Category-A and Category-B seats through common entrance test (Cat-A).
- All the faculties are recruited as per the eligibility of AICTE and salaries are paid as per AICTE norms.

### **1.2.5 Does the college provide additional skill oriented programs, relevant to regional and global employment markets? If “yes” provide details of such programs and the beneficiaries.**

YES, the college offers Employability Skills Training which is relevant to employment markets. Below are the details of the program:-

- Functional English
- Quantitative Aptitude & Logical Reasoning

## **Mandatory Disclosure**

---

- Group Discussions,
- Certification Courses in all departments
- Interview facing skills
- Project Exhibitions
- Industrial Visits

Apart from this, various development programs, seminars and guest lectures are also being conducted for overall development of students. Through EDC, various motivational camps and training programs are organized to inculcate and prepare the minds of students to have a strong desire to become job creators than job seekers.

**1.2.6 Does the University provide for the flexibility of combining the conventional face-to-face and Distance Mode of Education for students to choose the courses/combination of their choice If “yes”, how does the institution take advantage of such provision for the benefit of students?**

- The University does not provide such flexibility.

### **1.3 Curriculum Enrichment**

**1.3.1 Describe the efforts made by the institution to supplement the University’s Curriculum to ensure that the academic programs and Institution’s goals and objectives are integrated?**

Being an affiliated institute of JNTU (K) University, the institution adheres to the University curriculum. However, considering the industry needs and expectations, the following efforts are made by the institution to supplement the University’s curriculum:-

- Additional topics are covered in all the subjects based on the industry needs.
- Additional lab experiments are included according to industry needs.
- Students are encouraged to do mini projects.

## **Mandatory Disclosure**

---

- Guest lectures, seminars and workshops are organized on latest technologies.
- Industrial visits are organized to enhance the subject knowledge (practical approach).
- Important technical journals are subscribed in order to get updates on technological advancements.
- In-house training and certification programs for all students.

### **1.3.2 What are the efforts made by the institution to modify, enrich and organize the curriculum to explicitly reflect the experiences of the students and cater to needs of the dynamic employment market?**

- The task of modifying curriculum of the college, is in the hands of its affiliating institution i.e. Jawaharlal Nehru Technological University, Kakinada. The college can only enhance and organize the curriculum by supplementing it with additional courses (as discussed in point 1.3.1) so that the students are benefited in the best possible manner.
- The college has initiated various measures to cater to the worldwide industry requirements based on the true assessment of strengths and services offered in the campus. To develop the required skills, brainstorming sessions are held for the faculty to design the tools in the areas of Technology, use of computers and providing in-depth knowledge in the respective subjects. The institution is completely computerized at the administration and academic levels. Our administrative office is computerized with Kusalava Software which provides all databases by the click of button. Computer labs are well equipped with latest computers. Wi-Fi enabled Internet facility is made available at college premises. OHP,

## **Mandatory Disclosure**

---

Computers, LCD Projectors are being used for effective communication and teaching.

**Following are the best practices implemented by the institute in ‘Curricular Aspects’:**

- Suggestions from industry experts.
- Inputs from feedback of the students and parents.
- Exit interviews from students.
- Reflections from the Alumni.
- Recommendations from Academic experts.
- Inputs from other stake holders from various experts in respective fields.

**1.3.3 Enumerate the efforts made by the institution to integrate the cross cutting issues such as Gender, Climate Change, Environmental Education, Human Rights, ICT etc., into the curriculum?**

**Following Efforts are made by MVR CET to integrate the cross cutting issues:**

- Students are encouraged to deliver presentations on diverse issues of gender equality, human rights, ICT etc. There is a committee to deal with complaints of sexual harassment of women at work place.
- Institute provides anti-ragging environment to the students. For which an anti ragging committee is formed that works towards monitoring and controlling the ragging. Other than this institute also has a student grievance cell to handle student grievances.
- Institute is regularly conducting Induction program for the new joins at college wherein the cross cutting issues such as Human Rights, ICT and Conduct rules have been discussed and delivered. All the faculty members

## **Mandatory Disclosure**

---

and staff of the institute also participate as resource persons as well as audience. The important aspects related to above issues are discussed with the students in their General Proficiency Classes.

- As per the university curriculum, subjects like Environmental Science and Morals & Ethics are introduced in the first year B.Tech to create awareness on environmental issues and also to build up moral and ethical values among the student community.
- The college NSS unit has organized several programs like clean and green, Blood Donation Camps, AIDS awareness camp, tree plantation in Kanchikacherla, Paritala and nearby villages to bring awareness among general public.
- The college has established Women Empowerment Cell to look into the problems and rights of girl students and lady staff.
- Awareness program on “Human Rights” will be conducted every year in the campus to educate the students on rights and duties for healthy environment.

### **1.3.4 What are the various value-added courses/enrichment programs offered to ensure holistic development of students?**

#### **Moral and Ethical values**

- Professional Ethics subject is included as a part of curriculum.
- Seminars on Professional Ethics and moral values are regularly arranged.
- Yoga and Vedic classes are frequently organized.

#### **Employable and life skills**

- Training Program on soft skills.
- Personality Development Programs.
- Entrepreneurship Development programs.
- Workshops/seminar/symposium on Emerging trends in Technology.
- Participation in external seminar/conferences.
- Technical Skill Development programs.
- Participation in peripheral Tech fest/Tech quiz.
- Organization of Seminars/Conferences /Workshops.

## **Mandatory Disclosure**

---

- Participation in short term courses.
- Participation in Advanced courses of state and national level.
- Pre-placement Training classes (PPT)
- Industry visit
- Vocational Training - during summer and winter recess
- Debate/Quiz/Assignment

### **Better career options**

The Institution always takes a lead in promoting the awareness about how important career is in life. The T&P section has been very keen in making the students capable to face the real world after their education. Its intention is to develop student in all categories and most importantly in communication skills, aptitude and reasoning. It has paved way in conducting classes about them.

- The R&D cell continuously puts relentless efforts in bringing the students and faculty research achievements into fore front by giving support financially and ethically.
- It is a regular practice of the institution to invite expert resource persons to conduct workshops on the development of communication competence among the students.
- Students are also allotted different responsibilities in organizing various events and activities such as cultural programs, competitions, seminars, workshops etc. In this way they improve their team building and organizational skills.
- Institute provides in house coaching for preparation of GATE, PG CET which enables the students to go for higher study in institutions of repute.

### **Community Orientation:**

The college has an NSS team which regularly visits surrounding areas and villages where people are provided awareness on various social, moral, ethical principles and ways of leading life. NSS team of the college participates in community Services/development activities like organizing blood donation camps, SwachBarath Mission Programs periodically. Plantation of trees is

## **Mandatory Disclosure**

---

regularly practiced in campus to support significance of greenery and also believes in a principle of green world. Help is extended to orphanages and old age homes.

### **1.3.5 Citing a few examples enumerate on the extent of use of the feedback from stakeholders in enriching the curriculum?**

- The student feedback is taken twice in a semester which enables the college to understand whether curriculum contents are reaching the students or not. Similarly the class review committee meetings give an opportunity to the faculty to understand the needs of the students and initiate corrective steps in teaching and learning processes.
- Feedback obtained from students, industrial experts, alumni, parents of the students studying in the college are integrated by IQAC cell and represented to the Board of studies JNTU Kakinada. This helps in enriching the curriculum to a significant extent.

### **1.3.6 How does the institution monitor and evaluate the quality of its enrichment Program?**

- The enrichment programs conducted by the institution are evaluated on the basis of student results, placements and students performance in the competitive examinations and feedback from the stake holders. All these aspects are examined from time to time to modify the programs. The feedback in the form of interactions, discussions and suggestions are analyzed by a specially constituted committee and report is submitted to the Head of the Department. An advisory committee of experienced faculty members has been constituted to monitor and evaluate the efficiency and success of these enrichment programs. This committee meets with the higher authorities like Principal from time to time and amends the enrichment programs to meet the desired objectives.
- The Institution makes sure that the programs offered in the curriculum and outside the curriculum include contribution to national development, fostering global competencies among students, inculcating a value system

## **Mandatory Disclosure**

---

among students, promoting the use of technology and quest for excellence. Efforts are continually made to ensure that the curriculum bears a thrust on these core values which includes the initiative for contribution to national development. The college seeks to address the all-round development of the students enrolled in the various academic programs it offers. The institution also monitors the quality of its enrichment programs by direct and indirect evaluation.

### **Direct Evaluation is based on following assessment outcomes of:**

- Students accomplishments
- Faculty contribution and achievements
- Placements
- Triumphs as disseminated in media/public.
- University results.
- Students enrolled for higher studies.

### **Indirect Evaluation is based on following assessment outcomes of:**

- Industries
- Alumni
- Professional bodies
- Students
- Recruiters
- Parents

## **1.4. Feedback System**

### **1.4.1 What are the contributions of the institution in the design and development of the curriculum prepared by the University?**

Ours is an affiliated Institution to the JNTU Kakinada and therefore there is no direct scope for framing institution's curriculum on its own. The designing and development of courses are done mainly by members of the Board of Studies that is set up by the University. Existing courses are in structured and updated to meet emerging national and global trends. This is done by gathering information

## **Mandatory Disclosure**

---

from faculty members which they have gathered during their participation in orientation/refresher courses/seminars. Inputs from alumni, students and other stakeholders are communicated to the University Board of Studies for its consideration in keeping pace with the fast changing needs of the society.

### **1.4.2 Is there a formal mechanism to obtain feedback from students and stakeholders on Curriculum? If “yes” how is it communicated to the University and made use internally for curriculum enrichment and introducing changes/new programs?**

Yes, the institution has a strong feedback mechanism from the following stakeholders with respect to reforms in curriculum to meet the requirements of industry. If any grievances received from the stakeholders related to the curriculum, the same is communicated to the University Board of Studies during the Principals meet.

#### **Students:**

The students, who are the primary and most important source of information, furnish Feedback through questionnaire at the end of each academic session. Informal discussions are also held from time to time to derive their responses on the curriculum use. The Principal also interacts with the students to collect their opinion on the curriculum, the methods and extent of implementation.

#### **Alumni:**

Alumni Meet provides a platform to ex-students of the college to participate in college activities, and to give their valuable suggestions on the existing curriculum.

#### **Employers:**

Employers are given open option to give criticism and suggestions on the curriculum, which is obtained through the feedback Proforma that deals with content relevance, students' participation, course duration, curricular and other activities during the short term training period and also after the candidate joining the organizations.

#### **Parents:**

## **Mandatory Disclosure**

---

They are active participants in almost all the activities of the college. A healthy interaction with parents is facilitated and encouraged from time to time.

### **Academic Peers:**

National seminars, conferences, workshops and extension lectures are organized at Institute and this gives an opportunity for faculty to exchange ideas with peer groups in orientation and refresher courses from time to time. Sessions like these provide deep insight into the prospectus of the course.

### **1.4.3 How many new programs / courses were introduced by the institution during the last four years? What was the rationale for introducing new courses / programs?)**

Following are the courses introduced by the institution during the last four years to meet the need of quality PG Students and increasing demand in industry for mechanical engineers:

<b>S.No</b>	<b>Course</b>	<b>Department</b>	<b>Year of Commencement</b>
1	M.Tech(Transportation Engineering)	Civil Engineering	2014
2	M.Tech (thermal)	Mechanical Engineering	2014
3	M.Tech (PE&ED)	Electrical & Electronics Engineering	2013
4	M.Tech (Structural Engineering)	Civil Engineering	2013
5	M.Tech (CE&SP)	Electronics & Communications Engineering	2012
6	B.Tech(Mechanical)	Mechanical Engineering	2012

**The rationale for introducing new courses in the institution:**

## **Mandatory Disclosure**

---

- To strengthen and meet based on the changing industry demands.
- To improve manpower skills in specialized fields of engineering.
- To establish center of excellence in various streams of engineering.
- To encouraging research and development among the engineers.

### **TEACHING – LEARNING & EVALUATION**

#### **2.1 Student Enrolment and Profile**

##### **2.1.1 How does the college ensure publicity and transparency in the admission process?**

The college is well known for its quality education, discipline and the institution is ISO 9001:2008 certified. The prospectus of the college will be distributed to the nearby colleges in order to motivate the students to join in our college. The admission process is based on the guidelines provided by Andhra Pradesh State Council for Higher Education (APSCHE) and JNTU Kakinada. An advertisement will be published in leading national/regional daily news papers during the admission time which contains detailed information about the courses, intake of students, eligibility criteria etc. The above information is also furnished in the college website: **[www.mvrcoe.ac.in](http://www.mvrcoe.ac.in)**.

##### **Publicity:**

- Brochure
- Institutional website
- Through paper advertisements in reputed newspapers
- Advertising in electronic media
- Conducting and participating in educational fairs

##### **Transparency:**

The college follows academic calendar provided by the affiliating university,

## **Mandatory Disclosure**

---

JNTU Kakinada, Andhra Pradesh. The college admissions are done through counseling. The selection of students is done through admission committees in the counseling center which includes convenor and panel of experts. Therefore the transparency is guaranteed and maintained from the start of notification till the end of admission.

**2.1.2 Explain in detail the criteria adopted and process of admission (Ex. (i) merit (ii) common admission test conducted by state agencies and national agencies (iii) combination of merit and entrance test or merit, entrance test and interview (iv) any other) to various programmes of the Institution.**

All affiliated colleges are governed by the admission procedures and guidelines prescribed by the APSCHE (Andhra Pradesh State Council of Higher Education), Government of Andhra Pradesh.

The institute offers B.Tech, M.Tech and MBA courses.

- **70%** of admissions are based on –Common Admission Tests conducted by State/National agencies.
- **30%** of admissions (management quota) are based on merit among the applicants.

Following are the admission tests conducted by State/National agencies:

<b>Course</b>	<b>Common Admission Test</b>
B.Tech.,	EAMCET (Engineering and Medical Common Entrance Test)
B.Tech, (Lateral Entry into 2nd Year)	ECET (Engineering Common Entrance Test)
M.Tech.	GATE and PGECET
MBA	ICET (Integrated Common Entrance Test)

Following is the criteria being followed in respect of B-category (Management Quota) admissions:

- The Institutions that are approved by All India Council for Technical Education are permitted to fill NRI seats not exceeding 5% of the sanctioned intake in each course for the academic year. The NRI

## **Mandatory Disclosure**

---

candidates (sons and daughters of NRIs) who have passed the qualifying examination with not less than 50% of marks in prescribed group subjects or 50% aggregate marks in the qualifying examination or Cumulative Grade Point Average (CGPA) equivalent to 5 on a scale of 10 shall be admitted.

- The remaining seats shall be filled on merit basis with candidates from other States and union territories who have secured a rank in AIEEE (JEE-Main) and secured not less than 45% (40% in case of candidates belonging to reserved categories) of marks in the prescribed group subjects in the qualifying examination.
- The seats remaining unfilled from the above shall be filled with eligible candidates on merit basis following eligibility criteria laid down in rule (4) of G.O.Ms.No.74.
- Thereafter, if any seats still remain unfilled, such seats may be filled on merit basis with candidates securing not less than 45% (40% in case of candidates belonging to reserved categories) in the prescribed group subjects taken together/aggregate marks in the qualifying examination.

For Management Quota', the institute prepares the merit list based on Intermediate marks and EAMCET rank. The institute then completes admissions to management quota seats based on merit list.

<b>Program</b>	<b>Mode of selection</b>
For all B. Tech. branches	A-Category (Convener Quota) students must have passed 12th Standard. B-category students must have passed 12th Standard with minimum 50% marks.
For all M. Tech. branches	Must have passed relevant B. Tech with minimum 50% marks
Master of Business Administration (MBA)	Must have passed any Degree with minimum 50% marks

## **Mandatory Disclosure**

---

Admission process is totally under the strict control of APSICHE and according to the guidelines mentioned in the various G.O"s released by A.P. Govt. The seat allocation will be made under 2 categories.

- **Category A:** 70% of the total seats are filled thorough common counseling carried out by APSICHE.
- **Category B:** 30% of the admissions are made by the college as per the guidelines of the APSICHE.
- The college offers professional and technical courses for which the admissions are made through common entrance tests like EAMCET, ECET, ICET and POLYCET according to the norms laid by APSICHE and University

### **2.1.3 Give the minimum and maximum percentage of marks for admission at entry level for each of the programmes offered by the college and provide a comparison with other colleges of the affiliating University within the city/district.**

Admission to all courses in the college is strictly done through the guidelines laid by APSICHE and University. Management quota seats are filled on merit basis by giving a paper advertisement in regional and national news papers, further which is ratified by the Higher Education Council of ANDHRA PRADESH.

### **2.1.4 Is there a mechanism in the institution to review the admission process and student profiles annually? If 'yes' what is the outcome of such an effort and how has it contributed to the improvement of the process?**

Yes, analysis is made according to the ranks allotted by the higher council, regarding their marks secured in qualifying examination, and thereafter utmost care is taken against the students who have secured least marks and for the students who have come from telugu medium, by conducting remedial classes and performing counseling process for their academic development

## **Mandatory Disclosure**

---

**2.1.5 Reflecting on the strategies adopted to increase/improve access for following categories of students, enumerate on how the admission policy of the institution and its student profiles demonstrate/reflect the National commitment to diversity and inclusion.**

The admission process is in the control of APSCHE. Admissions are based on reservation policies of Andhra Pradesh state government. The admission process is as per the reservation policies by the APSCHE. The institution provides the needed facilities and sticks to the governmental policies with regard to the need of the differently-abled students.

### **SC/ST/OBC/Economically weaker sections:**

The admission procedure of SC/ST/OBC/EWS students is as per the reservation policy of the State Government. Book bank facility is provided for SC/ST students. Fee reimbursement is given by the state government to the SC/ST/OBC/ EWS students.

### **Women:**

33% of seats are reserved for women in convener quota as per reservation policy of the state government. They can also compete under open category. A women empowerment & grievance cell, headed by one senior lady staff member, one lady faculty member from each department is constituted. This cell looks after the welfare of girl students and lady staff members.

### **Differently abled**

Differently abled students are allotted seats as per the reservation policy of the state government. For them, classes are held in the ground floor where ramps are available. Computer centre facility is available in the ground floor. Separate toilets are provided for such students. Seats in front row are reserved for them in the classrooms.

### **Minority Community:**

Reservation is available for the minority community as per the state government's policies.

### **2.2 Catering to Diverse Needs of Students**

#### **2.2.1 How does the institution cater to the needs of differently-abled students and ensure adherence to government policies in this regard?**

The institution completely abides by the government policies, rules and regulations regarding the needs of differently abled students. The seats are reserved and offered according to the government policies at the time of admission in various programs and courses. The institution has taken strong decisions like holding classes to these students in the ground floor only for the easy accessibility of class rooms and other facilities to them. During the time of examination the institution provides scribe for the students having vision and functional disability. Special classes, counseling sessions are arranged to these students as a part of academic support. These students are also provided with extra time at the time of end examinations as per norms.

#### **2.2.2 Does the institution assess the students' needs in terms of knowledge and skills before the commencement of the programme? If 'yes', give details on the process.**

## **Mandatory Disclosure**

---

The college arranges “**Orientation Programme**” to the students selected for admission in B.Tech programme along with their parents. Such programmes are useful in educating the aspiring students on the admission procedure and to create awareness in them about the B Tech courses and how they are different from intermediate level studies. It also helps them to know how to excel in the courses of their choice and about the various activities in the college. They are also given information regarding facilities, faculty expertise, rules & regulations, discipline code of the college and the teaching-learning methodology to create awareness about the college. The students and parents are encouraged to express their problems and to elicit other information during induction programme.

### **2.2.3 What are the strategies drawn and deployed by the institution to bridge the knowledge gap of the enrolled students to enable them to cope with the programme of their choice? (Bridge/Remedial/Add-on/Enrichment Courses, etc.**

**YES, the college** takes utmost care for the enrichment of students by conducting remedial classes, beyond the college hours in the following areas:-

- Fundamentals of Engineering Mathematics, Physics
- Programming Skills
- Communication Skills
- Spoken English classes for Telugu medium students
- Self-Learning facilities
- Bridge course for 1<sup>st</sup> B.Tech students

### **2.2.4 How does the college sensitize its staff and students on issues such as gender, inclusion, environment etc.?**

- MVRCOE does not compromise on gender base for faculty, staff and students and the environment in the campus is pollution free with plenty of trees.
- MVRCOE, sensitizes its staff, students and local community through women empowerment cell, Grievance redress cell, NSS and Swarna Trust

## **Mandatory Disclosure**

---

by conducting various programs.

- Moral and ethical values are emphasized by the counselors among the students
- Programs will be conducted by women empowerment cell

### **2.2.5 How does the institution identify and respond to special educational/learning needs of advanced learners?**

- The college supports advanced learners by arranging Guest Lectures, Workshops, CRT Programmes. College also encourages them by giving them access to Digital Library, e-Learning materials and organizing project exhibitions to exhibit their inherent talents in their respective fields.
- Encouraging them to publish papers under the guidance of faculty.
- Contents beyond curriculum are provided in the class room teaching to enthuse the students to learn new topics. Top-ranking advanced learners are also encouraged to go through some of the advanced courses available in the NPTEL which are not included in the regular Syllabus.

### **2.2.6 How does the institute collect, analyze and use the data and information on the academic performance (through the programme duration) of the students at risk of drop out (students from the disadvantaged sections of society, physically challenged, slow learners, economically weaker sections etc.)?**

- MVRCOE, collects, analyses the data of every student through **MVRSIS** (student information system) which is maintained by the college for the enrichment and development of students.
- MVRCOE has adopted a new system **CAMP** (College Academic Mentorship Programme) which is a continuous programme for the revival and development. Each mentor is given 10 students. Regular feedback is taken from both students and faculty and necessary actions are

## **Mandatory Disclosure**

---

implemented for the raise of academic performance.

- All the faculty generally make their lecture notes available to the slow learners if they wish to have.

### **2.3 Teaching-Learning Process**

#### **2.3.1 How does the college plan and organize the teaching, learning and evaluation schedules? (Academic calendar, teaching plan, evaluation blue print, etc.)**

- As per the academic calendar given by the university the total syllabus is planned accordingly for the entire semester in the form of lectures and tutorials before the commencement of class work.
- The course files are maintained effectively for better teaching and learning process.
- Academic calendars will be placed in the college website so that parents and students can plan.

#### **2.3.2. How does IQAC contribute to improve the teaching–learning Process?**

- IQAC activities are looked after by Monitoring Committees such as Academic Affairs Committee, Planning & Evaluation Committee and with the help of HODs and various committee coordinators.
- These committees strive for the development of quality benchmarks/parameters for the various academic and administrative activities of the institution.
- The committees receive and give timely feedback keeping the vision and Mission, fiscal aspects of commitments and availability of funds and also by being judgmental of the audit procedures.
- They enable knowledge disbursement through team work and relentless efforts and promote the research and consultancy by developing state -of-the art infrastructure, ensure timely, efficient and progressive performance of academic, administrative and financial tasks.

## **Mandatory Disclosure**

---

- This promotes synergetic relationship with the industry and society. These committees monitor promotion, implementation and continuous improvement of innovations in Curricular, Co-curricular and Extra-curricular activities of the institution.
- These committees work towards the enhancement of the learner's knowledge capacity and personality.

### **2.3.3 How is learning made more student-centric? Give details on the support structures and systems available for teachers to develop skills like interactive learning, collaborative learning and independent learning among the students?**

Faculty has been encouraged by the institution towards interactive learning, collaborative learning and also independent learning. In interactive learning other than traditional style of class room, every department is equipped with an LCD projector and E-Class rooms with internet facility. And also guest lectures and seminars by eminent personalities related to different domains are arranged by the institution frequently. On other hand collaborative learning like seminars/group discussions and various competitions are conducted regularly, and also for independent learning the students are encouraged to go through various books/journals/conference papers in library and also to gather information from internet and other sources.

### **2.3.4 How does the institution nurture critical thinking, creativity and scientific temper among the students to transform them into life-long learners and innovators?**

The college encourages critical thinking, creativity and scientific temper among the students by:

- Conducting workshops,
- Symposiums
- Inviting eminent persons from the industry and academia.

## **Mandatory Disclosure**

---

The college provides students with state of the art laboratories to enrich the knowledge and capabilities of students for their effective growth in academics, so that they can have effective learning. It is equipped with several amenities like:

- OHP
- LCD Projectors
- NPTEL Videos
- Digital library
- Computer lab with LAN and Internet Connectivity
- Multimedia Kits
- Learning Management System to various subjects

All the facilities are provided to the students during his /her course.

**2.3.5 What are the technologies and facilities available and used by the faculty for effective teaching? Eg: Virtual laboratories, e-learning - resources from National Programme on Technology Enhanced Learning (NPTEL) and National Mission on Education through Information and Communication Technology (NME-ICT), open educational resources, mobile education, etc.**

MVRCOE provides e-Learning facility for faculty and students to use NPTEL videos, Globarena Material, E-Articles of journals. Faculty will communicate with the students through internet for giving the assignments and class notes will be posted on the internet. Students will be using computer center in a meaningful way for data acquisition in various fields of their interest. This thing is done apart from the syllabus.

**2.3.6 How are the students and faculty exposed to advanced level of knowledge and skills (blended learning, expert lectures, seminars, workshops etc.)?**

Faculty is suggested to equip with advance level of knowledge by attending faculty development programs conducted by experts from industry and academic background. These faculty development programs enlighten the teaching

## **Mandatory Disclosure**

---

pedagogy and research ability of faculty members to project the students in dynamic manner.

In MVR Technotsav each department organizes its own technical competitions circuit branch students are encouraged to improve their skills in the arena of hardware to match the ongoing industry requirements by doing micro projects on robotics, VLSI fabrication, embedded system etc. Students are also encouraged to think and apply to the concepts which are additional to the syllabus prescribed by the JNTUK

### **2.3.7 Detail (process and the number of students \benefitted) on the academic, personal and psycho-social support and guidance services (professional counseling/mentoring/academic advise) provided to students?**

- MVRCOE has adopted a system CAMP for the development of students. Every faculty is assigned 10 students for their development to meet every situation in life both professionally and socially.
- MVRCOE organizes motivational, personality development programmes, spiritual and psychological sessions by inviting experts from Rama Krishna Math.

### **2.3.8 Provide details of innovative teaching approaches/methods adopted by the faculty during the last four years? What are the efforts made by the institution to encourage the faulty to adopt new and innovative approaches and the the impact of such innovative practices on student learning?**

- Black board : Lecture method
- Tutorial : Interactive method
- Viva : Project based learning
- Internet : Computer assisted learning
- Labs : Experimental learning
- Auditorium : Seminars

## **Mandatory Disclosure**

---

- Conference room : Guest lectures and group discussions
- Prior analysis of each and every student is analyzed on his qualifying examination marks.
- Accordingly schedules are prepared for their improvement.
- As the students are basically from rural background, several activities are conducted for their personal development.
- In addition to the above, CAMP is organized for the continual review process of their academic and personal growth.
- Various guest lectures are organized by several people from industry and academia to develop students as ethical technocrats & entrepreneurs.
- In addition to above, faculty are well trained by conducting workshops and faculty development programmes to make faculty aware of new trends and technologies.

### **2.3.9 How are library resources used to augment the teaching-learning process?**

- Library is equipped with 500 titles and 20,000 volumes and digital library is equipped with 25 systems connected in LAN, with Internet connectivity of 6 MBPS.
- Faculty and Students visit the libraries for enhancement and enrichment of knowledge.
- Two books are issued to each student and three books to faculty. One extra book is issued to the final year students for the sake of their higher studies like “Aptitude, Reasoning, verbal, GATE, GRE and personality development books” to help them during the campus placements. Time slot is made available to them for the use of library. Faculty guides the students for the use of library.
- Every department in college maintains exclusive departmental library to support the students in enriching the knowledge.
- Online Public Access Catalogue (OPAC)
- Reprographic Service

## **Mandatory Disclosure**

---

- Internet Access
- Reference Service
- Multimedia Service
- Book bank facility for SC & ST students
- Competitive Examination Books
- Old(Previous years) Question Papers from University
- Online Book Renewal
- Book Reservation
- Information Alert Service (Staff, Student)
- Digital Library- E-Books, E-Journals and E-Lectures

**2.3.10 Does the institution face any challenges in completing the curriculum within the planned time frame and calendar? If 'yes', elaborate on the challenges encountered and the institutional approaches to overcome these.**

- In the academic year 2013-14, during the I Semester, the class work was affected due to Samaikyandhra agitation in Andhra Pradesh and almost 2 months valuable time was lost. To compensate the loss, additional classes were incorporated in the time-table. By doing so, the syllabus was covered in time and the academic work was completed satisfactorily.

**How does the institute monitor and evaluate the quality of teaching learning?**

- MVRCOE has a system of collecting confidential feedback from the students on the performance of faculty twice in a semester. Faculty members are properly guided and rewarded basing on the feedback and result obtained.
- Review committee will monitor the timely syllabus coverage for quality teaching.

# Mandatory Disclosure

---

## 2.4 Teacher Quality

**2.4.1 Provide the following details and elaborate on the strategies adopted by the college in planning and management (recruitment and retention) of its human resource (qualified and competent teachers) to meet the changing requirements of the curriculum?**

- The college takes utmost care in recruiting the faculty members by interview panel consists of Management member, Principal, respective Head of the department, one external expert and two senior members.
- Interview process is done in five stages: inviting the applications, screening of applicants qualified for the post, sending call letters and later a technical written test is conducted which is followed by a technical demo of their interested topic.
- On the completion of the above mentioned process, a last stage of personal interview is conducted.
- After which the list of the qualified and selected people from the above process are sent to the University for ratification.
- College takes utmost care in retaining the qualified faculty by giving them suitable pay and perks.

### Faculty Details:

**2.4.4 What policies/systems are in place to recharge teachers? (eg: providing research grants, study leave, support for research and academic publications teaching experience in other national institutions and specialized programmes industrial engagement etc.)**

- The college supports faculty by providing paid leave for attending:
- National / International Workshops.
- National / International Conferences.
- National / International Seminars / Symposiums.
- Faculty Development Programme.
- Deputation for Refresher courses.
- Presenting papers in seminars.
- Incentives for publishing papers in journals.

**2.4.5 Give the number of faculty who received awards / recognition at the state, national and international level for excellence in teaching during the last four years. Enunciate how the institutional culture and environment contributed to such performance/achievement of the faculty.**

- The college creates a work culture by motivating the faculty to excel in their areas of research and teaching. The college has constituted best teacher awards to faculty basing on their meritorious work in the fields of teaching and research. Every year two such awards will be awarded to faculty on college day celebrations.

**2.4.6 Has the institution introduced evaluation of teachers by the students and external Peers? If yes, how is the evaluation used for improving the quality of the teaching-learning process?**

- Yes, confidential feedback on the performance of the faculty by the

## **Mandatory Disclosure**

---

students is obtained twice in a semester, which is analyzed and discussed with head of the department and the Principal for better improvement.

- The HOD or the Principal will immediately counsel the faculty, if deficiencies are observed so that the faculty can improve from that point onwards. The faculty with good feedback will be well appreciated which will further strengthen their commitment to the teaching learning process.

### **2.5 Evaluation Process and Reforms**

#### **2.5.1 How does the institution ensure that the stakeholders of the institution especially students and faculty are aware of the evaluation processes?**

- University informs the institute about the evaluation process time to time and the same is communicated to the students through CAMP by respective mentors and also through the class in-charges.
- For the faculty, the same is communicated by respective departmental heads through departmental meetings.

#### **2.5.2 What are the major evaluation reforms of the University that the institution has adopted and what are the reforms initiated by the institution on its own?**

- University adopts the process of evaluating the students through credits.
- University continuously monitors the change requirement of the industry with which it is able to matchup with the current syllabus to make the students aware of recent trends and technologies with the help of eminent people forming the BOS committee.

#### **2.5.3 How does the institution ensure effective implementation of the evaluation reforms of the University and those initiated by the**

## **Mandatory Disclosure**

---

### **institution on its own?**

The institution ensures effective implementation of the evaluation reforms by the following means:

### **Conducting Examinations**

- Conducting all examinations with same discipline and transparency as the external semester end examinations
- The rules and regulations pertaining to conducting of exams will be carefully monitored by the examination department

### **Publishing Results**

- The verified answer scripts will be shown to the students for further clarification which they need
- MVRCOE has stipulated policy of announcing the results of internal examinations
- Based on the results achieved by students a personal counseling is given by their respective faculty members
- Special attention will be shown on poor performers and they are encouraged to perform better by the respective faculty and department head
- Finally the marks are pasted in the notice board

### **Reviewing Performance of the Students**

- The performance of the students will be strictly monitored by the class counselors and HODS. The students are suggested to improve their learning abilities as well as performance in the forth coming examinations
- To enhance the performance of the students, a special care will be taken by the HOD who suggests them to practice necessary steps which will improve the methodology of their learning
- The principal reviews the performance of the students along with all the HOD's and takes necessary steps in the process of teaching learning
- To pacify the limitations of their learning prospects, a special treatment will be initiated by MVRCOE, respective department heads and also the

## **Mandatory Disclosure**

---

principal.

### **Maintenance of Records**

- The test scripts and results analysis are maintained properly.

#### **2.5.4 Provide details on the formative and summative evaluation approaches adapted to measure student achievement. Cite a few examples which have positively impacted the system.**

- University itself is the whole and sole authority for implementation of reforms in examination and evaluation.
- The institution follows both continuous and end semester exam evaluation as directed by the University.
- The evaluation through these approaches gives lot of information about student.
- All faculty members follow the formative approach to measure students' achievements & performance through 1) Mid Exams 2) Assignments 3) Online Assessments.

#### **2.5.5 Enumerate on how the institution monitors and communicates the progress and performance of students through the duration of the course/programme? Provide an analysis of the students results/achievements (Programme/course wise for last four years) and explain the differences if any and patterns of achievement across the programmes/courses offered.**

- The college monitors the progress of the student through their performance in internal/mid examinations, Online tests, quizzes, assignments, projects and final exam and the information is displayed on the notice boards and the same information is sent to their parents by post.
- For the entire process, college itself has developed a system called

**2.5.6 Detail on the significant improvements made in ensuring rigor and transparency in the internal assessment during the last four years and weightages assigned for the overall development of students (weightage for behavioral aspects, independent learning, communication skills etc).**

- The college assesses the students continuously by conducting class test after the completion of every chapter and respective measures are taken for his/her improvement.
- A graduate, when he completes his engineering course, is expected to possess:
  - Good Technical Knowledge,
  - Working Skills,
  - Right Attitude
- The knowledge is gained by the effective teaching in the class room and at the same time the breadth and depth are provided by institute through various activities like guest lectures, seminars, contents beyond curriculum etc.

**2.5.7 Does the institution and individual teachers use**

## **Mandatory Disclosure**

---

**assessment/evaluation as an indicator for evaluating student performance, achievement of learning objectives and planning? If ‘yes’ provide details on the process and cite a few examples.**

Yes, through slip tests, assignments and Internal assessment/evaluation is being done for each and every student throughout the semester and their overall performance is identified, and basing on the evaluation done, respective measures are taken.

**2.5.8 What are the mechanisms for redresser of grievances with reference to evaluation both at the college and University level?**

- The college evaluation process is crystal clear. After the completion of examinations, answer sheets are handed over to the students for the verification purpose.
- The student is made clear about his marks at the University level by Re-Counting and Re-Evaluation process. The institute has to follow the instructions of the University. If the student has any problem, the Principal of the institute communicates to the authority concerned (Controller of Exams or other offices) of University about the grievance of the student.
- Once the valuation is done, paper is verified by the student. Later the same is posted to the University and the same is displayed in the notice board for the reference of the students, and marks will be sent to parents by registered post.

## **2.6 Student performance and Learning Outcomes**

**2.6.1 Does the college have clearly stated learning outcomes? If ‘yes’ give details on how the students and staff are made aware of these?**

- The college has clearly stated learning outcomes and has recognized the commitment to teaching and learning that include assessing and documenting and using this information to improve the method of

## **Mandatory Disclosure**

---

imparting education. Once the teaching plan is done by the teacher, it has to be followed so as to see that it plays a vital role in executing the task to make the curriculum better. Outcome based education is not only the measure of standard but also the quality which raises the level of the institute. Outcome based education is very practical, as it involves much number of practicals by the student to be done and executed.

- Each programme will be mapped to cover some of the following Outcomes:
- Supporting the students to work and learn in team basis
- Oral presentations will boost the students to eliminate fear on subject and to overcome stage fear
- Independent work will support them to know the strength of their learning practice
- Continues efforts will manage them to make easier on core subjects like basic sciences, mathematics and principles of engineering which enables them to solve complex problems
- The ability to write correct and good computer programs
- The ability to complete in ongoing competitive trend

### **2.6.2 How are the teaching, learning and assessment strategies of the institution structured to facilitate the achievement of the intended learning outcomes?**

The teaching and learning outcomes of MVRCOE are intended to motivate the students and also to encourage to perform well. To facilitate the achievement of outcomes the following strategies are projected:-

#### **Teaching**

- **Allotment of subjects to the faculty**
  - By knowing the strength of the faculty, partiular subject of faculty's expertise is allotted
- **Additional Content beyond the syllabus**
  - Additional concepts beyond the syllabus paved a path to knowledge imparting and critical thinking.

## **Mandatory Disclosure**

---

- **Readiness of the faculty**
  - Students are supplied with necessary subject materials and tutorial questions by the respective faculty members
- **Scheduling**
  - Timetable is prepared for the number of tutorial and practical hours required for each and every subject
- **Delivery**
  - Apart from traditional black board teaching, the students are facilitated to modern teaching methods such as LCD/OHP
- **Learning**
  - Study hours are conducted firmly on regular basis
  - Submission of allotted assignment in their respective subjects by the students enabled
  - Students are motivated to take part in seminars, symposiums and group discussions.

## **Assessment**

- **Mandatory Assessment**
  - Two midterm examinations and one external examination are conducted for each subject
  - Faculty members of respective subject will evaluate the mid term exams and the university people will evaluate the final exams
  - In case practical students are evaluated on an ongoing basis internally and finally external exam is also conducted
- **Additional Assessment**
  - Tests like assignments are conducted in order to materialize the learned concepts in written form
  - Key concepts in particular subjects is repeated twice or thrice in slow learning process

## **Mandatory Disclosure**

---

- Open book test will boost them to be aware of critical concepts
- Review of Results Analysis
  - The head of the department will analyze the results of midterm exams
  - Prompt actions are implemented to ensure teaching and learning
  - The results will be published by university in website
  - The Principal will review the results
  - Class counselors will suggest the students some advice over their performance
  - Results will be informed to the parents

### **2.6.3 What are the measures/initiatives taken up by the institution to enhance the social and economic relevance (quality Jobs, entrepreneurship, innovation and research aptitude) of the courses offered?**

Following are the measures taken up by the institution to enhance the social and economic relevance of the courses offered:

MVRCOE arranges special training programmes for the sake of students for their professional growth like:

- CRT Programme
- Personality Development programme
- GRE / TOEFL Classes
- GATE Classes
- Guest lecturers are arranged for students to impart these programmes

### **2.6.4 How does the institution collect and analyze data on student learning outcomes and use it for planning and overcoming barriers of learning?**

Institution has adopted a specific procedure to collect and analyze data by continuous evaluation of weekly tests, assignments, and term papers. By testing the students unit wise, the institute has taken following steps to overcome academic barriers by supplying question banks to students in different subjects.

## **Mandatory Disclosure**

---

By showing answer scripts to the students they can analyze their strength and weakness. Measures are taken to maintain minimum attendance to all students and extra class work is also arranged for weaker students to solve the problems.

### **2.6.5 How does the institution monitor and ensure the achievement of learning outcomes**

The achievement of learning outcomes is monitored by institution in the following way:

- The slow learners are noticed by the performance in the internal and external exams
- Performance and behavior during laboratory hours
- Making the students to participate in group discussions and department activities, mini and major projects, and analyzing them
- Finally obtaining the student feedback

### **2.6.6 What are the graduates attributes specified by the college/affiliating University? How does the college ensure the attainment of these by the students?**

MVRCOE, bridges the gap by conducting remedial classes for the weaker people and also by conducting refresher classes to cope with the courses. For this, continuous assessments and periodical counsellings are done for the improvement of the courses and personal behavior. The institution motivates students to acquire life skills such as Time & Resource Management, Stress Management, Decision Making and Practice of Yoga, encouraging the students to read Newspapers & Journals as a routine to keep updated with the current affairs.

### **2.6.7. Any other relevant information regarding Teaching-Learning and Evaluation which the college would like to include.**

- Once the subject is allocated to the faculty they are required to prepare a lesson plan for their syllabus. In that they have to plan how many concepts

## **Mandatory Disclosure**

---

they shall be able to complete in one hour and to deliver the concepts what resources are required (LCD, Audio visuals, Multi media etc)all to be mentioned in the lesson plan.

- Faculty members have to prepare the material for all these before proceeding into the semester.
- Departments maintain a separate usage register for LCD, Audio visuals, Multi media etc, where staff members are required to mention the dates of using these resources.
- Audio visuals, Multi media rooms are common to all departments. They can take an appointment and get use of the lab.
- Guest Lectures by Industrial Experts (as per their course) are organized periodically every semester to bring in an exposure about work environment at Industries.
- In addition to the above mentioned point, Industrial Visits (IV's) are also organized to make the students learn about the recent developments, realize their course related opportunities in industry by gaining knowledge through experience in visiting companies & having a look at the real time applications of their subjects

### **RESEARCH CONSULTANCY & EXTENSION**

#### **3.1 Promotion of Research:**

##### **3.1.1 Does the institution have recognized research center/s of the affiliating University or any other agency/organization?**

YES. The Institute has a research centre but it is not yet recognized by the affiliating University. To improve the research ambience, the institution is encouraging the faculty and students at deptment level as well as institution level by permitting them to attend workshops, conferences, symposiums and also allowing them to conduct these activities at department level as well as at institution level. In addition to this the management also encourages faculty

## **Mandatory Disclosure**

---

members to register part time/ full time PhD programs at different UGC recognized Universities and also takes steps to sanction special study leave with remuneration to those who registered for fulltime Ph.D. Our generous management has been providing special funds for various projects also.

### **3.1.2 Does the Institution have a research committee to monitor and address the issues of research? If so, what is its composition? Mention a few recommendations made by the committee for implementation and their impact.**

Yes, the institution has a research committee to monitor research activities in the campus. It has established a special R&D cell which monitors research projects and also guides budding engineers on various innovative projects. It also maintains hard copies of thesis, dissertations, paper publications, reference materials, copies of research journals and provides help on research activities. For research purpose the following committee is constituted:

<b>S.NO</b>	<b>Name of the faculty</b>	<b>Designation</b>
1	Dr. P.V. Naganjaneyulu	Principal and Convener
2	Dr. A. Kiran Kumar	Professor and Member
3	Prof. V. Rama Krishnan	Professor and Member
4	Dr.T. Chenakesavulu	Professor and Member

### **Functions and Recommendations of R&D Committee are**

- To promote R&D Consultancy in all the Departments.
- To organize workshops/Seminars, conferences in all the departments.
- To encourage the faculty and students to participate in workshops/conferences.
- To encourage the faculty members to undertake minor and major research projects under various funding agencies.
- To encourage the faculty and students to publish research articles in

## **Mandatory Disclosure**

---

various national and international Journals.

- To monitor the progress of all R&D activities semester wise / year wise.

### **3.1.3 What are the measures taken by the institution to facilitate Smooth progress and implementation of research schemes/projects?**

The R&D Committee of the institution involves in the following ways to see the progress of research:

- By giving autonomy to the Principal investigator.
- By releasing resources in time.
- By providing adequate infrastructure and human resources.
- By supporting technology and information resources.
- By providing special leaves and reducing workload etc.

In addition to that, the college provides financial and moral support to the faculty members by providing a special budget allocation to cater to the needs for participating and publishing papers in national / international conferences/journals.

The institution has allotted a special budget to develop infrastructure, computer facilities and technologies for the researchers.

### **3.1.4 What are the efforts made by the institution in developing scientific temper and research culture and aptitude among students?**

- Regular guidance is given by the faculty members to the students in order to take participation in the national and international conferences/workshops.
- College has been conducting national technical symposium “MVR Technotsav” every year for the development of students in all aspects. The event includes paper presentation, technical quiz, poster presentations, project exhibition etc. These kinds of events will strengthen the student’s attitude towards research and leadership.
- “The Best Innovative Idea Award” has been introduced by the college and encouraged it by offering cash prize and a memento. It will be presented every year on the eve of college annual day function.
- The research labs are well equipped to meet the needs of both UG and PG

## **Mandatory Disclosure**

---

researchers.

- The College also conducts workshops/seminars at department level to create awareness of latest and recent trends in engineering and technology.

### **3.1.5 Give details of the faculty involvement in active research (Guiding student research, leading Research Projects, engaged in Individual / collaborative research activity, etc.)**

#### **Guiding students:**

The faculty member at under graduate level takes all steps to guide them for in house projects and also supports PG students to publish articles/ papers in national/ international journals.

#### **Research Projects of Faculty**

The institution has rich experienced faculty in R&D and with this advantage some of the faculty has already applied some innovative abstracts to the funding agencies for the sanction of research funds.

The following faculty members are providing guidance to research scholars to pursue Ph.D.'s at various Universities:

<b>S.No</b>	<b>Name of the supervisor</b>	<b>Department</b>	<b>Area of Specialization</b>	<b>No. of Schedules</b>	
				<b>Full time</b>	<b>Part time</b>
1	Dr.P.V.Naganjaneyulu	ECE	Wireless Communication	-	6

Some of the faculty members are pursuing Ph.D./M.Phil, with the support of institution.

<b>S.NO</b>	<b>NAME OF THE FACULTY</b>	<b>DESG</b>	<b>DEPT</b>	<b>AREA OF SPECIALIZATION</b>

12	A.V SATYANARAYANA	ASST PROF	S&H	PHYSICS

### **3.1.6 Give details of workshops/ training programmes/ sensitization programmes conducted/organized by the institution with focus on capacity building in terms of research and imbining research culture among the staff and students**

The institution has organized several Faculty Development Programs, Conferences with the financial support of management. The following is the list of workshops/ seminars conducted by the college to encourage faculty members to pursue research.

S.No	Academic Year	Name of the workshop organized	Resource Persons	Dates
<b>COMPUTER SCIENCES ENGINEERING</b>				
1	2015	A One Day Workshop on Technical Insight on Career	Mr. B. Nagaraju, NIT, Nagaland	29/09/2015

## **Mandatory Disclosure**

		Development		
2	2015	A Two Day Workshop on Imaging & Multimedia	Mr. P. Mahesh, Director, Elements	12/02/2015-13/02/2015
3	2015	A Three Day Workshop on Android Technology	Mr. D. Srinivas, HOD & Assoc Prof of CSE Dept, MVR CET	17/04/2015-19/04/2015
4	2014	A Two Day Workshop on Oracle Application Development Framework(ADF)	Mr. Rizwan, Senior Project Manager, Oracle Corporation.	19/09/2014-20/09/2014
5	2013	A Two Day Workshop on Game Development on Unity 3D	Mr. P. Hari Prasad, Senior Game Developer, Knowledge Adventure, Hyderabad	31/05/2013-1/6/2013
6	2013	A One Day Workshop on Emerging Trends & Industry Practices in Computer Science	Mr. Anudeep Buddha, Consultant Specialist at Virtusa	8/9/2013
7	2012	A Two Day Workshop on Ethical Hacking Workshop	by Mr. Puneet Sharma & Mr. Rahul Chabra, Kyrion Securities, IIT Delhi	10/09/201
8	2012	A one Day Workshop on iPhone Apps	by Team of Yuva Technology, Hyderabad,	12/12/2012
9	2013	A ONE DAY INTERNATIONAL CERTIFICATION PROGRAMME ON CLOUD COMPUTING	Mr. Axel Angeli, CEO of Logos! Informatik GmbH, Germany	20/03/2013
<b>MECHANICAL ENGINEERING</b>				
10	2015	A Two day workshop on NDT Techniques	B. Srinivas Rao, Er Kalva Engineers Pvr ltd, HYD	21-08-2015
11	2014	A Two Day workshop on	Mr Jeevan, Er TEKLA Engineers, Hyd	3-10-2014

Dr.B.Srinivasa Rao	Professor, KLUniversity	2015

### 3.1.9 What percentage of the faculty has utilized Sabbatical Leave for research activities? How has the provision contributed to improve the quality of research and imbibe research culture on the campus?

Since the inception of the college, our generous management has been encouraging members involved on various research projects, by offering special leave to the staff and also providing financial support. Many members have been utilizing Sabbatical leave such as

S.No	Name of the Resource person
1	Thanga Guruswami

## **Mandatory Disclosure**

---

2	SK.Abdul Rashid
3	K satish Kumar

### **3.1.10 Provide details of the initiatives taken up by the institution in creating awareness/advocating/transfer of relative findings of research of the institution and elsewhere to students and community (lab to land)**

- A digital library in the institution supports browsing various national/international journals through DELNET.(Digital Library)
- The institution organizes project exhibitions, paper, and poster presentations in national level and invites students of other colleges for knowledge sharing.
- Conducting Departmental seminars among the students.
- Encouraging students to participate in various workshops, seminars etc
- Inviting familiar personalities to the campus which allows students to interact with them for the enrichment of their research knowledge.
- College Management is generous to pay the fee for the workshops and seminars in NIIT's and IIT's.

### **3.2 Resource Mobilization for Research**

#### **3.2.1 What percentage of the total budget is earmarked for research? Give details of major heads of expenditure, financial allocation and actual utilization.**

In the beginning of academic year the management takes steps to allocate 5 to 10% of institutional budget for the enrichment of research activities from the inception and such funds will be utilized only for the development of research facilities, projects, paper presentations at national / international conferences.

The Details of Budget in Rupees:

2012-13	2013-14	2014-15	2015-16
391000	283000	32400	50000

## **Mandatory Disclosure**

---

### **The major heads of expenditure of research includes:**

Incentives for publications, preparation of proposals, subscription for journals, books, organizing workshops, training programmes, seminars and conferences.

Faculty members are financially supported by the management in order to pay registration charges, travelling expenses to attend workshops, seminars and Incentives for their publications in reputed journals.

### **3.2.2 Is there a provision in the institution to provide seed money to the faculty for research? If so, specify the amount disbursed and the percentage of the faculty that has availed the facility in the last four years?**

Yes. The college management regularly supports the faculty to participate in various National Level Conferences, Workshops, Seminars, Technical Events, FDPs etc., to upgrade their knowledge at par with industrial standards.

### **3.2.3 What are the financial provisions made available to support student research projects by students?**

The college management always encourages the students by supporting in all aspects to carry small projects in the college laboratories by permitting to purchase raw materials, instruments and equipments etc.,

For any innovative and useful project / model prepared by the students the college management supports to raise funds from the Research and Development budget based on the recommendation of department project review committee. TA and DA will be paid to the students for their paper presentations in prestigious institutes like IITs, NITs and University campus.

### **3.2.4 How does the various departments/units/staff of the institute**

## **Mandatory Disclosure**

---

**interact in undertaking inter-disciplinary research? Cite examples of successful endeavors and challenges faced in organizing interdisciplinary research.**

The college Faculty with the help of R&D committee takes on inter-disciplinary research. The Staff members and the students who are concerned in inter-disciplinary research will interact with members of other department and discuss the technical feasibility to take time to time suggestions from the departments. It helps the researchers to complete their task in specific time.

**3.2.5 How does the institution ensure optimal use of various equipment and research facilities of the institution by its staff and students?**

All the departments are provided with basic laboratories and infrastructure to carry out basic research in addition to that advanced lab equipment is proposed to purchase in each department and in each laboratory based on the type of research projects.

The labs and other research facilities of the institution are always kept open for both students and faculty members beyond the official working hours. The campus is connected with full fledged LAN facility and is also installed with latest application software packages. Our central library with central computational facility is provided with 10 Mbps shared internet connectivity, which is kept openly accessible. Students can always utilize the lab equipments and internet facility beyond the working hours.

**3.2.6 Has the institution received any special grants or finances from the industry or other beneficiary agency for developing research facility? If 'yes' give details.**

Yes, the institution is having MOUs and understanding with local as well as Non Local industries to promote research activities constantly. In addition to that some of the departments are actively involved in applying R&D proposals to different funding agencies etc. Some of the consultancy works taken up by different departments for the last few years are as below:

## **Mandatory Disclosure**

---

### **Department of CIVIL:**

S.No	Funding Agency	Project Title	Primary Investigator /Designation	Amount	Year
1	Sri Sai Planning Engineers	High grade concrete mix proportion	Y.Anand Babu	30,568/-	2015
2	Sri Sai Planning Engineers	Non Destructive testing methods	Y.Anand Babu	40,236/-	2015

4	Nucon Blocks	Electrical Maintainance	Rushi Santhosh	10,000	10,000	1

**3.2.7 Enumerate the support provided to the faculty in securing research funds from various funding agencies, industry and other organizations. Provide details of ongoing and completed projects and grants received during the last four years.**

For major and minor projects funded by different funding agencies to different departments of the college, refer 3.2.6

### **3.3 Infrastructure for Research**

**3.3.1 What are the research facilities available to the students and research scholars within the campus?**

The library is provided access with DELNET e-journals, printed journals, reference material and it always supports the research work of students and faculty. A separate photocopy machine has been installed to fulfill the needs of the researchers. Photocopies will be offered at subsidized prices to all the researchers.

## **Mandatory Disclosure**

---

Computer Centre provides high end computing facility. College has interdisciplinary research lab to support the needs of the students as well as faculty members. The college provides laptops to the faculty members, who are involved in research, for their convenience.

### **3.3.2 What are the institutional strategies for planning, upgrading and creating infrastructural facilities to meet the needs of researchers especially in the new and emerging areas of research?**

In line with the curriculum requirement issued by the affiliating University, the basic infrastructure is available for both under graduate and post graduate courses.

The institute is making continuous efforts in upgrading the laboratories to meet the demand of new era in technology.

All the faculty members are encouraged to participate in faculty development programs, seminars and conferences. Apart from this, institution also conducts different R&D development programs at department level and institution level.

The institutional R&D cell continuously monitors research activities as well as promotion of research at the institution level by:

- Encouraging to apply for funding in various funding agencies
- Creating the awareness among the faculty towards recent edge of technologies
- Updating infrastructure facilities in the laboratories
- Proper utilization of E-Library facility, Library sources in the institution
- Providing department wise MOUs with industries.

### **3.3.3 Has the institution received any special grants or finances from the industry or other beneficiary agency for developing research facilities?? If 'yes', what are the instruments/ facilities created during the last four years:**

Yes, we have received grants as mentioned in **3.2.6** .

## **Mandatory Disclosure**

---

### **3.3.4 What are the research facilities available to the students and research scholars outside the campus / other research Laboratories?**

The college provides all the facilities such as accommodation, lab, transportation etc to the researchers. The college has signed MOUs with industries and other agencies for promoting training, research and extension activities in technical education. The institution has a city office located in Vijayawada where systems with broadband internet facility are provided. The college offers free accommodation to the research students/faculty members of other institutions in the campus or in Vijayawada.

### **3.3.5 Provide details on the library/ information resource centre or any other facilities available specifically for the researchers?**

The college has an information resource center (Library and Internet Centre) to cater to the needs of students and staff. The facilities are:

<b>S.No</b>	<b>Library Resources</b>	<b>Availability Numbers</b>
1	Volumes	19903
2	Digital Library	20 systems
3	Titles	3473

**3.3.6 What are the collaborative researches facilities developed / created by the research institutes in the college? For ex. Laboratories, library, instruments, computers, new technology etc.**

The College has upgraded equipment in some of the departments to carry out consultancy work like UT Machine, high end Configured Systems and total station equipment etc. In addition to this a new computer center is provided for all the researchers who can utilize these facilities beyond the college hours also.

### **3.4 Research Publications and Awards**

## **Mandatory Disclosure**

---

### **3.4.1 Highlight the major research achievements of the staff and students in terms of**

- Patents obtained and filed (process and product) - NIL
- Original research contributing to product improvement - NIL
- Research studies or surveys benefiting the community or improving the services

The publications from the departments which result in benefiting the improvement towards research. The Computer Science and Engineering Department helped to develop separate software applications to maintain the student data of the institution and also took initiation to develop separate software for passport verification which is beneficial to the society.

### **PUBLICATIONS:**

Academic Year	Total Number of Publications in International/ National Journals	Total Number of Publications in International/ National Conferences
2015-16	35	03
2014-15	47	15
2013-14	28	11
2012-13	28	10

### **Research inputs contributing to new initiatives and social development:**

Research inputs are given to the students and the faculty to know the opportunities ahead for them, and thereby raise their aspiration levels to achieve more.

### **3.4.2 Does the Institute publish or partner in publication of research journal(s)? If 'yes', indicate the composition of the editorial board, publication policies and whether such publication is listed in any**

## **Mandatory Disclosure**

---

### **international database? :**

The Institute has a plan to tie up with any peer reviewed research journal from the coming academic year onwards.

### **3.4.3 Give details of publications by the faculty and students:**

The following table shows the publication details of our student and faculty members including with the required details for the last 4 academic years.

S.No	Department	Papers published		Total Number of Publications	Books Published
		Faculty	Students		
1	Computer Science and Engineering	13	5	18	01
2	Electronic and Electrical Engineering	17	14	31	0
3	Mechanical Engineering	12	0	12	0
4	Electronics and Communication Engineering	83	06	89	01
5	Civil Engineering	12	8	20	0
6	Management Studies	8	1	9	01
7	Science and Humanities	16	0	16	0

### **3.4.4 Provide details (if any) of**

- Research awards received by the faculty: **NIL**
- Recognition received by the faculty from reputed professional bodies and agencies, nationally and internationally: **NIL**

## **Mandatory Disclosure**

---

Incentives given to faculty for receiving state, national and international recognitions for research contributions:

A reward of half of the conference registration amount is paid to the faculty and students and Rs.1000/- is offered to the faculties for their international journal publications.

### **3.5 Consultancy**

#### **3.5.1 Give details of the systems and strategies for establishing institute-industry interface?**

Centralized placement cell of the institution interacts with the industries to know job requirement and the placement officer of this institution acts as a liaison officer between the companies and the college. Our institute has good alumni base who are currently working with many reputed companies. This group certainly helps us in campus placements.

An assessment is made periodically by the management to ensure the employability objectives of the department - which makes sure to prepare the students on par with industry standards. Institute explores the possibility of our students to undergo in-plant training and to carry out their academic project work in such industries and also depute our faculty member to undergo industrial exposure during their vacation in reputed industries.

#### **3.5.2 What is the stated policy of the institution to promote consultancy? How is the available expertise advocated and publicized?**

The institute has formed a full pledged R and D cell with members having considerable high academic background. The R&D cell consolidates the institution strengths and also supports the students by placing them in the different industries for their academic projects. Faculty periodically have meetings with persons from industry either through their visits or by arranging expert and extension lectures in their respective departments and explore the possibilities for developing industrial consultancy.

## **Mandatory Disclosure**

---

### **3.5.3 How does the institution encourage the staff to utilize their expertise and available facilities for consultancy services?**

Faculty members are always encouraged by reducing the academic and administrative work load while executing consultancy works without any limitation. Institute encourages the faculty members to visit industries to supervise the project work carried out by the students in industries and find certain possibilities to ascertain any consultancy/collaboration activities. All the labs of all the departments are made available to industry members by extending the working hours of laboratories for carrying out consultancy services.

### **3.5.4 List the broad areas and major consultancy services provided by the institution and the revenue generated during the last four years.**

The Consultancy is provided by the college faculty only on the gratuity basis and the revenue is generated as given below:-

#### **Department of EEE**

<b>Sl. No.</b>	<b>Funding Agency</b>	<b>Project title</b>	<b>Primary Investigator /Designation</b>	<b>Amount</b>	<b>Income Generated</b>	<b>Faculty involved</b>

## **Mandatory Disclosure**

---

### **3.5.5 What is the policy of the institution in sharing the income generated through consultancy (staff involved: Institution) and its use for institutional development?**

The institute has a standardized procedure of sharing the net revenues generated through consultancy services on the gratuity basis to the department and to the people involved in the consultancy.

## **3.6 Institutional Social Responsibility (ISR) and Extension Activities**

### **3.6.1 How does the institution promote institution-neighborhood-community network and student engagement, contributing to good citizenship, service orientation and holistic development of students?**

- The college management always motivates the student's social participation and also drives them to achieve its goal of providing higher technical education to create equitable society with ethical values.
- To provide quality based education to the students by inculcating moral values and scientific temper, it is employing state of art technologies. It aims at pursuing excellence towards creating students with high degree of intellectual, professional and cultural development to meet the national and global challenges.
- The institute is conscious of its role in campus-community connection, wellbeing of its neighborhood and so has initiated a number of community development activities like Organizing NSS Camps by involving students in Blood Donation Camps, making the college play ground available to neighboring communities on weekends.
- The students of the college visit nearby villages and observe clean and green under a programme known as 'Swatch Bharat' Mission.

### **3.6.2 What is the Institutional mechanism to track students' involvement in various social movements / activities which promote citizenship roles?**

Through Faculty advisors, the student involvement in various social movement

## **Mandatory Disclosure**

---

activities is observed and also motivated. Faculty advisors are the one to give the required permission to students for participating in such activities and continuously monitor their progress in such extension activities. Faculty advisor has to file the student achievement in such extension activities in the respective advisor file for record purposes.

Extra-curricular activities and value education provides avenues for students to become aware of the social environment, the social evils, citizen responsibility and individual contribution to make the society a better place to live in. Periodic and regular meetings are conducted for highlighting the social and ethical values.

The Institute always encourages students to participate in social activities like conducting blood banks, medical camps and literacy programs in the villages with the help of NSS unit of the college. Almost 100 volunteers of the unit participate in the social activities.

The college also played a vital role in conducting the awareness programs to on 'Right to Vote'.

### **3.6.3 How does the institution solicit stakeholder perception on the overall performance and quality of the institution?**

Stakeholders such as Students, Parents, faculty members and Alumni of the college are crucial elements of the education system that decide the overall performance and quality of the institution. For smooth functioning of the institute and to cater to the competitive environment, it is mandatory that certain processes to be laid down in order to establish effective linkages between these elements, thereby contributing to the overall improvement in this existing system. In order to address these issues, following steps are undertaken at the institute level by conducting periodic meetings:

Certain forms and formats have been designed to collect feedbacks from the stakeholders. This includes Alumni feedback form, Graduate exit form, Parents feedback form, Employers feedback form, etc. Every year, an Alumni Meet is conducted and the suggestions given by the Alumni are analyzed and suitably implemented. Even we conduct periodical parents meetings and accept any

## **Mandatory Disclosure**

---

suggestions for the overall improvement of the campus. Similarly complaint/suggestion boxes are made available for each and every one in the campus for their suggestions and complaints.

### **3.6.4 How does the institution plan and organize its extension and outreach programmes? Providing the budgetary details for last four years, list the major extension and outreach programmes and their impact on the overall development of students.**

The outreach activities performed by the college which are related to academic, social, cultural, community service etc., that wrap up in forming a healthy society that contribute to nation building. Institute plans and identifies the groups which may be assigned to carry out outreach programs. Institute's planning for academic outreach programs viz. organizing seminars; expert lectures and extension lectures have already been standardized.

### **3.6.5 How does the institution promote the participation of students and faculty in extension activities including participation in NSS, NCC, YRC and other National/ International agencies?**

The college performs various activities through NSS and other forms of community development services. The college plans to extend the activities of NSS further to reach out for the needy people in nearby villages. During induction, the coordinators of these sections will narrate students on the benefits and scope of the extension activities.

### **3.6.6 Give details on social surveys, research or extension work (if any) undertaken by the college to ensure social justice and empower students from under-privileged and vulnerable sections of society? :**

The college is sensitive to social issues and has instinctively undertaken works related to providing social justice and in empowering students from under privileged and vulnerable section of society as a response to student's feelings.

College has organized following social activities:

### **4.2 Library as a Learning Resource**

**4.2.1 Does the library have an Advisory Committee? Specify the composition of such a committee. What significant initiatives have been implemented by the committee to render the library, student/user friendly?**

- Library has the admonitory advisory group comprising of the main as the part secretary, all HODs and bookkeeper as the individuals. It has office of advanced library with adaptable timings (8:00AM to 8:00PM on working days).The panel gathers data from the understudies in regards to the books sought after and takes activity to secure the books according to prerequisites.

**4.2.2 Provide details of the following:**

- Total area of the library (in Sq. Mts.): 400
- Total seating capacity:: 150
- Working hours (on working days, on holidays, before examination days, during vacation)
- On working days : 8 A.M to 8 P.M
- On and during examination days: 8 A.M to 8 P.M
- During vacation : 10: 00 A.M to 08: 00 P.M

**Layout of the library:**

- The library design has Issue and Return counters, Magazine segment, Back Volumes, Xerox corner, Magazine segment, IT zone for getting to e-assets, Individual perusing carrels, Area for loose perusing and reference.

## **Mandatory Disclosure**

---

**4.2.3 How does the library ensure purchase and use of current titles, print and e-journals and other reading materials? Specify the amount spent on procuring new books, journals and e-resources during the last four years.**

- The Library board of trustees audits the books proposed by the college on every subject. Taking into account the recommendations of the individual staff, library will include new titles. The library board of trustees audits the utilization of such books and Journals and acquisition of new Journals.

**4.2.4 Provide details on the ICT and other tools deployed to provide maximum access to the library collection?**

- OPAC (Online Public Access Catalog): YES
- Electronic Resource Management package for e-journals: YES
- Federated searching tools to search articles in multiple databases: YES
- In-house/remote access to e-publications: YES
- Library automation: YES
- Total number of computers for public access: 20
- Total number of printers for public access: 02
- Internet band width / speed: 06 mbps
- Institutional Repository
- Content management system for e-learning: YES
- Participation in Resource sharing networks/consortia (like Inflibnet): NPTEL, BEES Software

**4.2.5 Provide details on the following items:**

- Average number of walk-ins: 300/day
- Average number of books issued/returned: 100/day
- Ratio of library books to students enrolled: 15
- Average number of books added during last three years: 4500 volumes
- Average number of login to opac (OPAC): 90
- Average number of login to e-resources: 90
- Average number of e-resources downloaded/printed: 50

## **Mandatory Disclosure**

---

- Number of information literacy trainings organized: Twice in a year
- Details of “weeding out” of books and other materials: 100

### **4.2.6 Give details of the specialized services provided by the library**

- Manuscripts: Available
- Reference: YES
- Reprography
- ILL (Inter Library Loan Service): No
- Information deployment and notification (Information Deployment and Notification): YES
- Download: YES
- Printing: YES
- Reading list / Bibliography compilation: Available
- In-house / remote access to e-resources: YES
- User Orientation and awareness: YES
- Assistance in searching Databases: YES
- INFLIBNET / IUC facilities: NO

### **4.2.7 Enumerate on the support provided by the Library staff to the students and teachers of the college.**

- The library comprises experts, semi-experts and secretarial as staff individuals. The expert and the semi-experts are all around qualified and experienced. They give data bolster administrations to the staff, the understudies and different scholastics in numerous exercises identifying with the different courses offered by the college.

### **4.2.8 What are the special facilities offered by the library to the visually/physically challenged persons? Give details.**

- There are no outwardly and physically tested persons. However exceptional seating courses of action are given and library staff will help them.
- The Library staff is giving the accompanying administrations like:

## **Mandatory Disclosure**

---

- Paper downloading
- Getting showing assets from distributor
- Maintaining inquiry paper from different colleges
- Issuing books and diaries to staff and understudies.
- Displaying fresh introductions.
- Subscribing scientific journals and magazines.

**4.2.9 Does the library get the feedback from its users? If yes, how is it analyzed and used for improving the library services. (What strategies are deployed by the Library to collect feedback from users? How is the feedback analyzed and used for further improvement of the library services?)**

- The library gives criticism frames (direct approach strategy), to get the input from the clients. Recommendations and dissensions, got as criticism, are intermittently checked on and medicinal measures are received for valuable input. This is a consistent practice received in the library. Input information is explored and examined by the library advisory group and fitting steps are taken by the master individuals for the change of the library administrations.

### **4.3. IT Infrastructure**

**4.3.1 Give details on the computing facility available (hardware and software) at the institution.**

<b>S.No</b>	<b>Configuration</b>	<b>No.of Systems</b>

practices and library administrations. We require understudy data to do it right. Libraries advance scholarly disclosure and associate individuals with information. They are intuitive, interdisciplinary spaces for grant where innovation and data meet up.

### **Extra-Curricular Committees:**

This Committee is constituted for directing the exercises to advance the additional curricular exercises among the understudies. The Committee recognizes understudies who are occupied with social edification and endeavors which are made to build up their aptitudes and gifts by consolation, right preparing and exhibitions.

### **Study Tour Committee:**

The Head of the Department and two senior members of faculty constitute a committee. The Committee plans and executes the tour programme of students visit to various industries.

### **5.3.7 How does the institution network and collaborate with the Alumni and former faculty of the Institution.**

The Alumni Association, has been dynamic since January, 2012 after Mr. K. Naveen Kumar, Assistant Professor, Department of MBA has assumed responsibility as Chairman of Alumni Association and has been instrumental in sorting out the First Alumni meet on the "21<sup>st</sup> Jan, 2012" in the college Auditorium. It gave a chance to every one of the graduated class to rejoin amid the meet held yearly.

There is procurement in MVR CET site that Alumni can enlist from any place and upgrade their points of interest and each Annual day the graduated class meetings are held.

## GOVERNANCE AND LEADERSHIP

### **6.1 Institutional Vision and Leadership**

**6.1.1 State the vision and mission of the Institution and enumerate on how the mission statement defines the institution's distinctive characteristics in terms of addressing the needs of the society, the students seek to serve, institutions traditions and value orientations, vision for the future, etc.?**

#### **Vision**

- To be the best in producing global technocrats, highly creative, sound in research and ethical leaders who contribute to the social and economical development of the country.

#### **Mission**

- College of Engineering and Technology empowers global community by graduating talented and skilled technocrats making them think rationally, critically and creatively for life-long engagement in conducting research & development through advanced technologies and preserving our culture at the same time.

#### **Quality Policy**

- A centre of excellence with quality infrastructure, experienced faculty and industrial exposure, imparting value based education on par with international standards by adopting modern training methodologies and fulfilling the expectations of students and parents towards continuous improvement in education and placement. Utmost care is taken to maintain all types of accreditations.

**6.1.2 What is the role of top management, Principal and Faculty in designing and implementation of its quality policy and plans?**

- The Chairman of the institution holds a monthly meeting on every second Saturday with the Head of the Institution and respective Departments'

## **Mandatory Disclosure**

---

Heads to confer the escalation of the institution.

- The Head of the institution, The Principal, holds meeting once in a week with the respective Department Heads to evaluate, screen and probe the academic aspects of the institution. Improvements, if any, are acknowledged and respective amendments are proposed to the quality policy and plans.
- All the Department Heads hold a meeting every week with their faculty members to converse the progress of the department and to know the smooth functioning of the academic and departmental activities. Improvements and grievances, if any, are proposed to the higher authorities.
- The Chairman and staff members congregate once in every 2 months where the propositions for the improvements of the academics and institutions are welcomed from the staff members. Suggestions emerging from such a dialogue are further refined by the Chairman, the Principal and HODs before effecting changes to the quality policy.
- Further emergency meeting is conducted by the Chairman, the Principal and HODs at the needed time to resolve the issue timely.

### **6.1.3 What is the involvement of the leadership in ensuring?**

- The policy statements and action plans for fulfillment of the stated mission
- Formulation of action plans for all operations and incorporation of the same into the institutional strategic plan
- Interaction with stakeholders
- Proper support for policy and planning thorough need analysis, research inputs and consultations with the stakeholders
- Reinforcing the culture of excellence
- Champion organizational change
- The policy statements and action plans for fulfillment of the stated mission
- The Head of the institution, The Principal, holds regularly congregation with the Departments' Heads and IQAC to ensure the stated policy and action plans are contributing properly the mission and vision of the

## **Mandatory Disclosure**

---

institute. The Principal also monitors the class work and enumerates the students recurrently to have the information regarding the standards that are experienced by them.

### **Formulation of action plans for all operations and incorporation of the same into the institutional strategic plan**

- Action plans are formulated well before the commencement of the academic year. This is done through the discussion with the Department Heads, Management and external academic body to architect the action plans.
- The amendments made will be communicated to the whole institute via their respective Heads. All the plans will coincide with the vision of the organization and the strategic plan of the institute to prosper.

### **Interaction with stakeholders**

- MVRCOE always stays in touch with the stakeholders by conducting Alumni meets, Parents Day as a part of the Annual day celebrations.

### **Proper support for policy and planning thorough need analysis, research inputs and consultations with the stakeholders**

- Research and development cell established in the college, constituting members from each department, is responsible for the cause-effect relationship. The Principal interacts with the cell to know the required, if any, inputs.
- Parents' day is the not only the occasion where the institute meets the parents but also every incident which needs the interaction will be encouraged and properly addressed without any discrepancies.

### **Reinforcing the culture of excellence**

- Excellence and efficiency are must in every aspect of the institute which is done through academic performance improvement. IQAC, R and D cell and various other committees under the leadership of the Principal emphasize the need and demand for culture of excellence.
- All the faculty are encouraged to attend workshops and seminars to update their knowledge.
- More over gaining higher qualification with additional specialization or via

## **Mandatory Disclosure**

---

research programmers are well appreciated by the Principal and management.

### **Champion organizational change**

- As the saying goes “Change before the change can change you” the survival and growth of the organization definitely depends on the ability of the institute to cope with the industrial needs and the societal demands. The Principal always welcomes the change which needs to be important is felt and suggested in the summit held.

### **6.1.4 What are the procedures adopted by the institution to monitor and evaluate policies and plans of the institution for effective implementation and improvement from time to time?**

The institution, comprising the Principal, HODs and faculty members, carefully and precisely monitors and evaluates the smooth functioning of the proposed plans and policies. To enhance such effective and efficient functioning, various committees have been designed which as follows:

- Academic advisory committee.
- Training and placement cell.
- Internal Quality Assurance Cell (IQAC)
- Entrepreneurship Development cell.(EDC)
- Disciplinary committee
- Anti – ragging committee
- Alumni committee

The above committees are governed regularly and efficient results are being rewarded.

### **6.1.5 Give details of the academic leadership provided to the faculty by the top management?**

The Principal and the HODs under the guidance of the management give the authority to the faculty to ensure the proper conduct of classes, internal exams, campus selection and discipline in the campus and conducting co-curricular and extracurricular activities.

## **Mandatory Disclosure**

---

- Academic freedom in the campus
- Research ambience in the campus
- Freedom of thought and expression
- The faculty members have a free hand in organizing co-curricular and extracurricular activities for developing skills among the students.

### **6.1.6 How does the college groom leadership at various levels?**

The management has delegated responsibilities to various people as below:

- Principal – Head of the institution
- Heads of the Departments – Responsible for all affairs in their departments
- In-charge – Examination Cell- to conduct internal and external examinations
- Chief Placement Officer – In-charge of placement activity

In addition to this, the institution has constituted with faculty as in charge of those committees to groom leadership at the faculty level.

- Anti Ragging Committee
- Grievance and redressal committee
- Women empowerment cell
- Entrepreneurship development cell

In order to groom leadership at student level, the institution encourages departmental association activities, organizing symposiums, seminars, workshops etc. All these programmes are mostly organized by the students with assistance from the faculty.

### **6.1.7 How does the college delegate authority and provide operational autonomy to the departments / units of the institution and work towards decentralized governance system?**

The top management delegates authority to the Principal who distributes administration control to

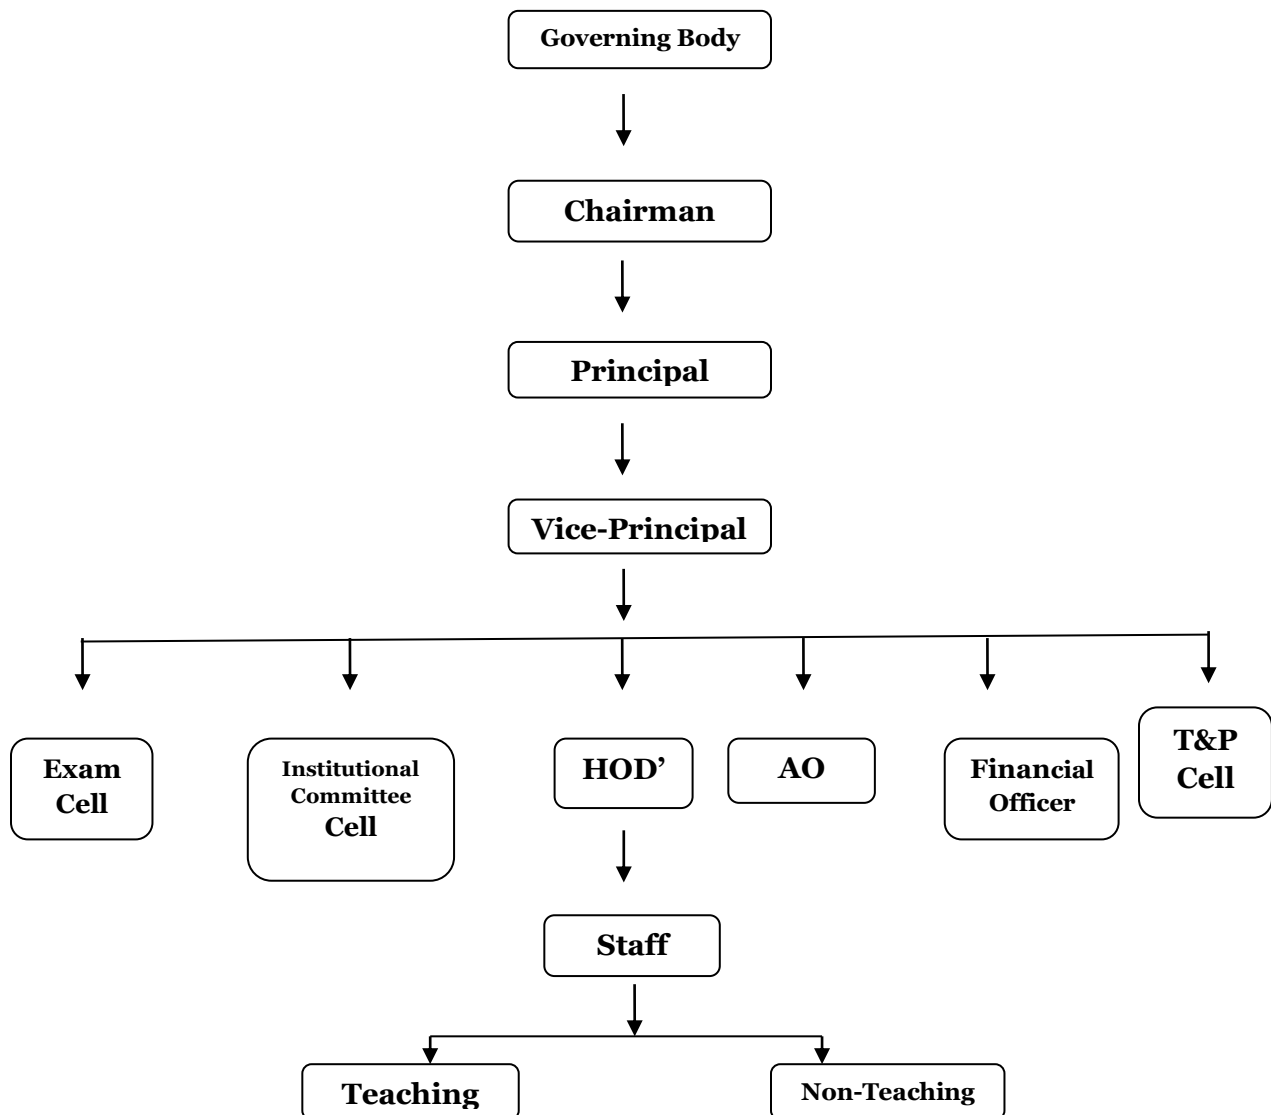

- HODs – smooth conduct of the classes and other activities
- FO – Maintaining the administration system and financial accounts of the institution

## **Mandatory Disclosure**

---

- Librarian – Holds the responsibility of distributing the books renewal among the students and the staff and maintains the record of past academic activities and purchasing of new books and journals based on the copy with needs of the faculty members and students to the new trends and technology.
- Physical Director – Conduct of sports and games to the students, leading them to have healthy life.
- Administrative officer – Maintaining the infrastructure facilities existing and planning for the new facilities to upgrade the image of the institution.
- Incharges of various committees – Monitors and develops for the smooth running of the institution

Following is the internal organization structure:

## **Mandatory Disclosure**

---

**6.1.8 Does the college promote a culture of participative management? If “yes”, indicate the levels of participative management.**

Yes, the college promotes and benefits from the culture of participative management. Following are the various levels of participative management:

- The Governing Body
- Chairman and other members of the society
- Principal
- Vice Principal
- Head of the Departments
- Staff
- Student representatives
- Parents
- Alumni
- Non-teaching staff

## **6.2 Strategy Development and Deployment**

**6.2.1 Does the Institution have a formally stated quality policy? How is it developed, driven, deployed and reviewed?**

- YES, the institution has a formally stated quality policy. **MVRCOE is an ISO 9001: 2008** certified institution which ensures the quality policy to run effectively and efficiently. Further the institution has established An Internal Quality Assurance Cell (IQAC) has been constituted to develop, drive, deploy and review the quality policy.
- The IQAC takes into account the vision & mission and several other aspects of the institution and formulates processes to ensure quality outcome.

## **Mandatory Disclosure**

---

- The IQAC works closely with the management and the Principal to drive and implement the processes across the institution. The cell meets once in three months to review the progress of implementation and accordingly makes changes to quality policy, where necessary.

### **6.2.2 Does the Institute have a perspective plan for development? If so, give the aspects considered for inclusion in the plan.**

In this dynamic world, yes, the institution has a perspective plan for development. The plans are drawn from the meetings, conducted periodically, and the execution is made by the respective members.

The following are the aspects which are considered for inclusion in the plan:

- Research and Development
- Career guidance
- Training and placement
- Cultural activities
- Ethical behavior
- NSS

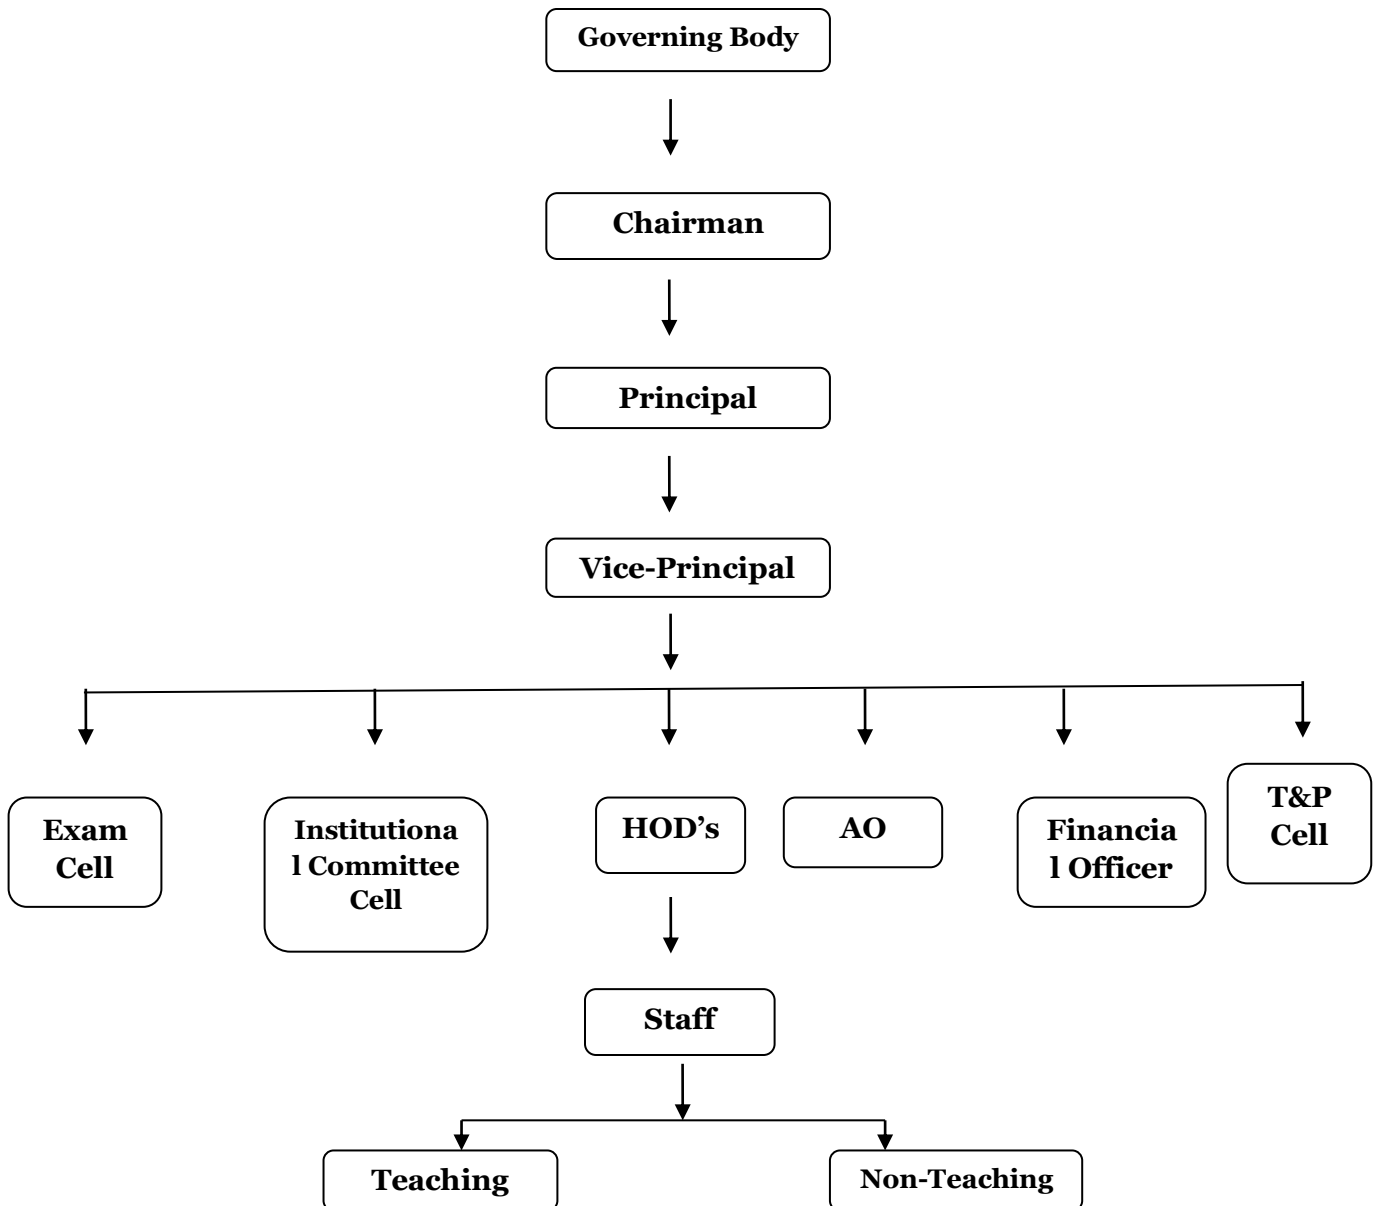

### **6.2.3 Describe the internal organizational structure and decision making processes.**

The institution function is based on the organizational chart shown below. Decisions will be taken by governing body and decimated by Principal through vice-Principal and HOD's of all the departments.

Following is the internal organization structure:

## **Mandatory Disclosure**

---

**6.2.4 Give a broad description of the quality improvement strategies of the institution for each of the following:**

- **Teaching & Learning**
- **Research & Development**
- **Community engagement**
- **Human resource management**
- **Industry interaction**

## **Mandatory Disclosure**

---

Following are the quality improvement strategies of the institution:

### **Teaching & Learning**

MVRCOE firmly agrees with the fact that teaching and learning are the beanstalk of the growth and development of the institution. This is only possible through the right qualified faculty team. Therefore the institution selects and recruits the faculty with paramount care and responsibility.

- Ensuring the faculty are properly positioned in the department with their specializations
- Encouraging subject rotation in order to avoid stagnation and promote versatility.
- Using various teaching aids such as OHPs. LCD projectors, white board markers.
- Adequate time is being presented to the faculty for efficient preparation for the lecture.
- Organizing guest lectures from eminent industrialist and professors of other universities.
- A centralized library with ample studying infrastructure and numerous volumes of subject as well as personality, motivation and soft skills books.
- Conducting bridge courses and making student to cope up the new courses
- Weak students are being strengthened by conducting remedial classes.
- Soft skills are being inculcated among the students to participate in not only in the classroom but also in various college meets/fests.

### **Research & Development**

MVRCOE understands the need for research and development in this ever changing competitive world.

- Institute has made it mandatory for the faculty to pursue research and development activities in the form of M.Phil. Ph.D and various interim projects to meet and deliver the updated knowledge to the students.
- Establishment of Research & Development Cell
- Financial funding to R&D

## **Mandatory Disclosure**

---

- Faculties are encouraged to participate in FDPs, Workshops and Seminars conducted in various educational institutions. College supports such action as an on duty for the faculty.

### **Community Engagement**

The institution feels itself as a part of community and clearly assumes community responsibility as not responsibility but as a duty. This is done through various community engagement programmes which are as follows

- Active participation of students through committed NSS team.
- Organizing Blood Donation Camps and Free medical camps.
- Following the “Swatch Bharth mission” MVRCOE follows green initiative which encourages least/minimal environmental position.
- Visiting old age homes and orphanages and offering food, clothes and other needs
- Village adoption.
- Aiding the people who suffer the wrath of the nature in the form of natural calamities.

### **Human Resource Management**

At MVRCOE human resources are considered as the most important resource for the success of the organization. Therefore every member of the institute are carefully recruited under experts guidance

- Selecting teaching and non- teaching faculty as per UGC/AICTE norms.
- Selection follows a 3 step mechanics which include a self appraisal by the applicant which is followed by HOD appraisal and finalized by Head of the institution.
- Development is the key source for the progress of the institution.
- Keeping this in the mind MVRCOE encourages the faculty to develop in various aspects by providing various incentives such as On Duty, TA & Increments on Qualification improvement.

# **Mandatory Disclosure**

---

## **Industry interaction**

Practical knowledge should be accompanied with classroom lectures, knowing this MVRCOE maintains a constant dialogue with the industry to provide a practical exposure to students which includes the following:

- Visiting various industries with respective their specialization
- Guest lecturers form the industrial eminent personalities
- Industry Institute Partnership Cell
- Entrepreneurship Development Cell
- Professional Societies / Bodies.

### **6.2.5 How does the Head of the institution ensure that adequate information (from feedback and personal contacts etc.) is available for the top management and the stakeholders, to review the activities of the institution?**

The Head the institution, The Principal, receives reports about the functioning of the organization from the periodic meetings held with the HODs and staff members. He also gathers information from feedback from the students, feedback from alumni, exit interviews, parent meetings and faculty interaction.

### **6.2.6 How does the management encourage and support involvement of the staff in improving the effectiveness and efficiency of the institutional processes?**

- At MVRCOE the participative management is widely in use. Suggestion box has been arranged in the college premises which is opened in the even days of the week and the suggestion will be reviewed accordingly. Suggestions which prove to improve the effectiveness and efficiency will be implemented without any question.
- A scheme such as Group savings life insurance makes the staff feel a well bonded relationship among them.

## **Mandatory Disclosure**

---

### **6.2.7 Enumerate the resolutions made by the Management Council in the last year and the status of implementation of such resolutions.**

The management council had planned to decentralize many processes for effective implementation and in that regard the following decisions were taken. “Decentralization of academic and Non-academic power through formation of number of committees. Their resolutions will be presented at the time of peer team visit.

<b>Resolution</b>	<b>Status</b>
Faculty ratification done by JNTUK on July 2015	60% of the faculty were ratified by JNTUK.
Applying for NAAC accreditation by December 2015	In progress
Construction of the hostels for Boys and Girls	Near Completion
Renovation and Beautification of the first seminar hall by December - 2015	In progress
Construction of Mechanical workshop	In progress
Beautification of Computer Labs	Completed

### **6.2.8 Does the affiliating University make a provision for according the status of autonomy to an affiliated institution? If yes, what are the efforts made by the institution in obtaining autonomy?**

Yes, The University gives the provision for the status of autonomy for the institutions based on the eligibility. MVR College of Engineering & Technology is 8 Year Old Institution which is planning for getting accreditation of NAAC and NBA. Once these processes are successful, it will be under consideration for getting autonomy. Our institution has already applied for 2(f) and 12(b) for U.G.C.

## **Mandatory Disclosure**

---

**6.2.9 How does the Institution ensure that grievances / complaints are promptly attended to and resolved effectively? Is there a mechanism to analyze the nature of grievances for promoting better stakeholder relationship?**

The institution has set up a Grievance and Redressal Cell under the leadership of the senior faculty to address the grievances of the students and the staff. It discusses any complaint secured from staff and students and recommends appropriate achievers to the authorities. The cell is constituted by involving the following members.

- Principal
- Administrative Officer
- All Head of the Departments
- Faculty coordinator from each department
- Class representatives.
- Class toppers.

**6.2.10 During the last four years, had there been any instances of court cases filed by and against the institute? Provide details on the issues and decisions of the courts on these?**

There is no such court case filed by or against the institution.

**6.2.11 Does the Institution have a mechanism for analyzing student feedback on institutional performance? If yes, what was the outcome and response of the institution to such an effort?**

The students' feedback is usually taken by the Management Council. Later it will be sent to the advisory committee for discussion and settlement.

The action plan will be initiated to rectify the areas where the institution seems to be weak.

# **Mandatory Disclosure**

---

## **6.3 Faculty Empowerment Strategies**

### **6.3.1 What are the efforts made by the institution to enhance the professional development of its teaching and non teaching staff?**

The institution encourages the teachers to various orientation and refreshers courses as well as seminars and symposiums. Non- teaching employees are trained time to time to enhance their management and technical capabilities

### **6.3.2 What are the strategies adopted by the institution for faculty empowerment through training, retraining and motivating the employees for the roles and responsibilities they perform?**

The institute does not believe in the yesterdays' knowledge for tomorrows' utilization. This makes way for the faculty to empower themselves. The motivation follows the following strategies:

- Faculties are motivated to pursue higher studies from PhDs to extra mural PhDs.
- When a new subject/course is included in the academic regulation the faculty will be encouraged to learn and teach to the fellow faculties.
- FDPs are common aspects to the faculty training which includes latest and updated information.
- The Chairman and the Principal meet the faculty frequently to identify any problems within the organization and address those as soon a possible which develops a sense of belongingness and motivates the employee.
- MVRCOE follows the idea of Best performers will get the best pay is one of the key to motivate employees.
- An increment will be awarded at a gain of a qualification.

## **Mandatory Disclosure**

---

**6.3.3 Provide details on the performance appraisal system of the staff to evaluate and ensure that information on multiple activities is appropriately captured and considered for better appraisal.**

The performance of the faculty members in being measured with the following parameters:

- Student feedback
- University results
- Self appraisal
- HOD's Remarks
- Principal's Remarks

**The process of performance appraisal is:**

- Faculty members have to fill the self appraisal forms
- The HOD makes his comments
- The Principal and the HOD consider the best performing faculty member for additional increment.

**6.3.4 What is the outcome of the review of the performance appraisal reports by the management and the major decisions taken? How are they communicated to the appropriate stakeholders?**

Performance appraisal is constantly made and the outcome is definitely communicated to the respective appraise. The outcome of the appraisal is discussed by the Principal and HODs with individual faculty. The report is submitted to the management team for their approval.

**6.3.5 What are the welfare schemes available for teaching and non teaching staff? What percentage of staff have availed the benefit of such schemes in the last four years?**

## **Mandatory Disclosure**

---

**Following welfare schemes are available for teaching and non-teaching staff:**

- Salary advances to the needy staff
- Concessional Transportation facility to staff
- Maternity leave
- Medical facilities
- Loans are arranged for purchase of laptops
- Personal loans are also being arranged with corporate guarantee
- Canteen facility
- Reprographic facility
- Dress code for class IV and supplied free of cost to employees
- Group Service Life Insurance (GSLI)

### **6.3.6 What are the measures taken by the Institution for attracting and retaining eminent faculty?**

MVRCOE believes that quality precedes quantity. Therefore eminent faculty is needed to lead an eminent organization. Throwing light on this the institute follows the following measures

- Best performers are identified and offered attractive salary packages.
- As the experts are in demand flexible working hours are being provided.
- Interests and strengths of the faculty are taken into account while allotting academic responsibilities.
- Making the faculty versatile by grooming with additional responsibilities.
- Salaries offered per 6<sup>th</sup> pay commission recommendations.
- Performance based salary increments
- Encouragement for Research & Development work.
- Faculty Development Programmes (Internal & external)
- Funding loans from the institute and associated bank

# **Mandatory Disclosure**

---

## **6.4 Financial Management and Resource Mobilization**

### **6.4.1 What is the institutional mechanism to monitor effective and efficient use of available financial resources?**

Financial requirements of the departments are prepared by the concerned HODs before commencement of the academic year. They are received by the Principal and forwarded to the management for approval. The Governing Body receives the proposals and makes appropriate budget allocations. The expenditure of the departments as compared with the respective budget allocation monitored during the meeting with the chairman, the Principal and HODs.

### **6.4.2 What are the institutional mechanisms for internal and external audit? When was the last audit done and what are the major audit objections? Provide the details on compliance.**

The financial resources of the college are managed in a very effective and fool proof manner. There is a fully computerized accounts department in the college. Interdepartmental internal audit is conducted by senior staff and/ HODs and reports are submitted to Principal and the management. External audit is conducted by the appointed auditors on annual basis.

### **6.4.3 What are the major sources of institutional receipts/funding and how is the deficit managed? Provide audited income and expenditure statement of academic and administrative activities of the previous four years and the reserve fund/corpus available with Institutions, if any.**

Following are the major sources of institutional receipts / funding:

- Tuition Fee (Reimbursement by the government under convener quota)
- Tuition Fee (Paid by the student under management Quota)
- Bus Fee (Paid By staff and Students)

The deficit, if any is obtained from the management.

## **Mandatory Disclosure**

---

### **6.4.4 Give details on the efforts made by the institution in securing additional funding and the utilization of the same (if any).**

The institution has not so far made the effort for external funding, but after the NAAC certification; we will try to approach the appropriate usage for the external funding.

## **6.5 Internal Quality Assurance System**

### **6.5.1 Internal Quality Assurance Cell (IQAC)**

**A) Has the institution established an Internal Quality Assurance Cell (IQAC)? If yes, what is the institutional policy with regard to quality assurance and how has it contributed in institutionalizing the quality assurance processes?**

Yes, the institution has established an (IQAC) in 2014. IQAC is headed by **Mr. Mirza Shafiq** of ECE Department of the institution and represented by other HODs, senior faculty, administration department and a retired Professor from outside the institution is also an advisory member of the council.

Regular periodic meetings are conducted with the committee members to ensure that the quality standards are upheld. Several mechanisms are developed with the institution academic and administrative departments to run stated standards. Performance of students reflects the academic performance, this is done through conducting exams and evaluating them gives a clear picture. Apart from written exams, class room performance which includes doubts raised, questions answered and class room discipline also proves the students' academic performance.

The administrative department of the institute also looks and supports the quality assurance by providing the amenities required to maintain such standards such as lab equipment, repair or replacement of equipment.

## **Mandatory Disclosure**

---

**B) How many decisions of the IQAC have been approved by the management/ authorities for implementation and how many of them were actually implemented?**

The suggestions made by the IQAC have been thoroughly scrutinized by the management. Any incidence of improvement will gain a priority. The suggestions which top the priority list will be given the preference to complete first and the remaining suggestions follow eventually. All the suggestions are approved where 75% are implemented and 25% are ready to be implemented.

**C) Does the IQAC have external members on its committee? If so, mention any significant contribution made by them.**

Yes, the IQAC has a retired Professor as an external member. The suggestions made by the external member have been approved and implemented / being implemented:

- Conducting periodic meetings to educate the faculty and the staff about the industry and its improving standards.
- Promoting the need for quality education and administration to be redefined to cater to the needs of the society.

**D) How do students and alumni contribute to the effective functioning of the IQAC?**

A number two to four, in equal gender preference, from each class are kept in regular contact with the Class Incharge and Head of the Departments and members of IQAC and give their suggestions for:

- Development of infrastructure and sports equipments.
- Request for advanced teaching aids and lab equipments.
- Organizing seminars, workshops and other events to inculcate and develop the management skills.

## **Mandatory Disclosure**

---

**Alumni** are another vital resource of the institute's quality assurance as they have complete assessment of the quality standards. Alumni Meets are held periodically to know whether the standards maintained in the college are meeting the standards maintained in the industry. If not, the suggestions are requested from them and the same is investigated and implemented whatever proves to be necessary.

### **E) How does the IQAC communicate and engage staff from different constituents of the institution?**

The IQAC constitutes faculty from each and every department. The members need to strive for developing and maintaining standards which will be discussed in the meetings held regularly and such amendments, if any, will be carried to the respective departments where the standards to be implemented.

### **6.5.2 Does the institution have an integrated framework for Quality assurance of the academic and administrative activities? If yes, give details on its operationalization.**

Yes. The institution is an ISO 9001:2008 certified college which follows ISO standards and a periodic internal ISO audit is being conducted. The IQAC guarantees the quality maintenance in the college which has representation from academic faculty, administrative staff and students.

### **6.5.3 Does the institution provide training to its staff for effective implementation of the Quality assurance procedures? If yes, give details enumerating its impact.**

Yes, the institution trains the staff twice a year to ensure quality assurance among the activities of the college. IQAC needs the quality assurance training which include HOD's of every department and senior faculty members to deliver the training content which includes the meaning of a qualitative job.

This makes the staff work qualitatively which at the end benefits the self the students and the institution.

## **Mandatory Disclosure**

---

### **6.5.4 Does the institution undertake Academic Audit or other external review of the academic provisions? If yes, how are the outcomes used to improve the institutional activities?**

Yes, MVRCOE undertakes ISO as external audit review and IQAC as internal audit review. ISO is a yearly audit where as the IQAC is not bound to time.

Following aspects of academics are included for audit:

- Readiness of course files, laboratory manuals, lesson plans
- Students attendance (weekly and monthly)
- Progress of delivery of curriculum (weekly by HOD and monthly by Principal)
- Review of mid-term marks (after every mid-term exam)
- Review of semester results (after announcement of results)
- Organizing departmental activities, seminars and workshops
- Proper work conditions of lab equipment

Based on the outcome of the above audit/reviews, further course of action is decided and implemented on academic activities.

### **6.5.5 How is the internal quality assurance mechanisms aligned with the requirements of the relevant external quality assurance agencies/regulatory authorities?**

The internal quality assurance mechanisms are aligned with the requirements of the following authorities / agencies:

- UGC
- JNTUK, Kakinada
- NAAC
- NBA
- ISO

## **Mandatory Disclosure**

---

### **6.5.6 What institutional mechanisms are in place to continuously review the teaching learning process? Give details of its structure, methodologies of operations and outcome?**

Constant review mechanisms are being run in the college which guarantees smooth functioning and qualitative teaching learning process.

**Structure** – this includes the IQAC and departmental heads.

**Methodologies** – A teaching learning plan and a course schedule along with the academic calendar will be given to the faculty member well before the commencement of the semester. This is done under the guidance of the HOD.

The class coordinator periodically checks the syllabus coverage the number of classes taken by the faculty and reports to the HOD.

Feedback from the students will be collected after two weeks of the commencement of the semester.

**Outcome** – the TLP and course schedule will be revised if necessary by the Head of the Department. The syllabus coverage along with classes taken will be monitored and a necessary action will be implemented.

Feedback will be thoroughly evaluated and changes, if required, will be implemented.

### **6.5.6 How does the institution communicate its quality assurance policies, mechanisms and outcomes to the various internal and external stakeholders?**

The institution communicates its quality assurance policies, mechanisms and outcomes to the stakeholders through the college web site, college brochure and other publications.

## INNOVATIVE PRACTICES

### 7.1 Environment Consciousness

#### 7.1.1 Does the Institute conduct a Green Audit of its campus and facilities?

MVR College of Engineering Technology is located in 10.79 acres. The institution regularly monitors upkeep of the campus facilities and conducts a formal green audit of the campus.

The following aspects of the campus maintenance are monitored regularly to ensure a green campus:

- Collection and proper disposal of waste.
- Proper maintenance and support of enhancements in the ground.
- Conservation of home turf and plants all over the campus.
- Optimum utilization of electricity and water.
- Employment of solar power as part of green audit.

#### 7.1.2 What are the initiatives taken by the college to make the campus eco-friendly?

##### Energy conservation

- The institution is designed in such a way that every room in the building has proper ventilation and natural lighting. This minimizes the usage of electric lights, fans and air-conditioners during the day thus reducing consumption of electricity
- CFL and LED lights are used inside the campus for bright lighting and less consumption of electricity.
- The electrical appliances are periodically inspected and serviced in order to maximize the efficiency of the appliances and minimize the power consumption.
- Laboratory Timetables are carefully planned taking energy requirements into account.

## **Mandatory Disclosure**

---

- The Institute has taken all the necessary steps to educate the students on the importance of green club.
- To save electricity and protect environment, the management ensures switching off lights and fans, where it is unnecessary.

### **Water Harvesting**

The drainage system inside the campus is outlined in a manner that downpour water is redirected to pits. It helps to increase ground water level.

### **Efforts for Carbon neutrality**

The institution has attempted the accompanying endeavors to diminish outflow of carbon dioxide:

- All CRT monitors have been supplanted with LCD monitors.
- Lighting with CFL and LEDs are presented in and around the institution.
- Dead leaves and waste papers are not allowed to be put on fire in the campus. They are converted into vermicompost.

### **Plantation**

The campus is loaded with greenery. More number of plants and trees are planted everywhere throughout the campus. Since 2013 plantation work has been undertaken in campus. The college has a nursery to grow plants. Fruit trees are planted in and around the campus.

### **Hazardous waste management**

- No risky waste is kept inside the campus. Hazardous waste will be collected and disposed in a careful manner.

### **E-waste management**

- In the year 2013 our college collected the expired batteries of the mobile phone from the staff and the students and sent them for recycling
- Repaired PCs and other waste produced from the electronic hardware are sold to approved E-waste merchants.
- Unused working computers are given to the nearby schools.
- The condemned batteries are exchanged for new batteries.

# **Mandatory Disclosure**

---

## **7.2 Innovations**

### **7.2.1 Give details of innovations introduced during the last four years which have created a positive impact on the functioning of the college.**

The college has been scaling new heights since its inception and is striving to excel with innovations. The following are the innovative practices adopted by the college to create positive impact on the mindset of the stakeholders.

### **Teaching / Learning**

The institution has adapted new ways of instructing education to the students since last four years. With innovative methods of teaching, the college tried to implement new and interesting ways of imparting quality and tension free education to the students. This procedure concentrates on Planning, Preparation and Delivery of curriculum in an effective method which makes the students learn a new topic with ease and interest (as mentioned in criterion 2.6.2). Heads of the Departments and the Principal constantly observe the syllabus, methodology of teaching and the receiving capability of students. Proper measures are taken immediately when a requirement for a change is recognized. New suitable measures are suggested to faculty about how to build practical learning approach among the students and make them industry ready.

For Instance Department of civil engineering has purchased equipment such as 'Benkelman Beam' in the year 2012. By using this equipment students can easily understand the concept of pavement deflections. This is an additional experiment that is being conducted in the Transportation Engineering Lab in addition to the existing lab experiments prescribed in the curriculum by JNTUK, Kakinada.

To enhance the consultancy work, the department of civil engineering has established 'Accelerated Curing Tank' in the year 2015 at Concrete Technology Lab. By using this equipment strength of a cube which can be obtained only after

7 days, can be calculated within 24 hours of casting the cube, which saves lot of time.

Advanced methods of testing like NDT are being demonstrated by 'Rebound Hammer'.

### **Internal Assessment of the students**

Apart from Affiliating University prescribed format of examinations, the college introduced a separate mechanism called "Daily Test" to the students for improving academics. This has helped to improve academic performance of the students. It is mandatory to conduct a pre-final exam before every University semester end examinations. Pre-final exams are conducted to make students aware of the University format.

### **Full-fledged Training Department**

An in-house training department led by a Chief Training Officer has been created and the students are trained in English Language skills, Soft Skills, Quantitative Aptitude, Logical Reasoning and Computer Languages. Placement oriented training is implemented to all the students from second year onwards. Training programs are incorporated in regular class work time table. The department conducts various innovative learning programs like mock placement drives, role-plays, Group discussions and team building acts to students which help them gain more confidence. This acted as a catalyst for many students in securing jobs in good companies and industries.

### **Infrastructure Development**

The college has been putting consistently good effort in modernization of existing infrastructure and making new base. Keeping in mind the end goal to adjust present day instructing/learning strategies, the college has created 'Seminar Halls' and 'E-classrooms' outfitted with LCD projectors and sound hardware. These lobbies have been greatly helpful in directing Placement Training, Association Activities, Seminars, Group Discussions, educating/learning, and so

---

on. The institution is constructing a 1000- limit amphitheater inside the campus. This assembly room is proposed for leading workshops for students and staff, faculty development programs, major events like campus recruitment drives, celebrations, etc.

### **The Feedback System**

Feedback from students and parents always helps in developing the college. It has a lot of significance. It is obtained two times in a semester. The feedback concentrates on different aspects of teaching and learning process. After analyzing the feedback, remedial actions, if necessary, are initiated.

### **Individual Counseling to Students**

Student mentoring is one of the particular strengths of the institution. One member of the faculty is assigned with 15 students. Counseling is a mandatory process and every class has a counseling session once in a week. Mentoring helps in nurturing relationship between the faculty and students on academics as well as overall development. Qualities and shortcomings of the understudies are distinguished by the advisors and proper help is offered to the destitute students. The status of the ward is regularly in touch with the parents.

### **Improving the performance of weak students**

Instantly after the first internal examinations, weak students are identified and remedial classes / bridge courses are conducted to improve their performance. The students are counseled and given important questions along with previous question papers through which they get an idea on the methodology to pass in the examinations. This has enhanced the pass percentage in the University examinations.

## **Mandatory Disclosure**

---

### **Faculty Development Programs**

The institution organizes faculty development programs at least two times in a year and deposes faculty to attend such programs organized by the University and other institutions. These programs give lot of weightage to the faculty in exercising their subject knowledge, which involves new trends and changes taking place in that particular field. This has assisted the personnel with improving their insight and educating abilities which is passed on to the students in classes.

### **Departmental Association Activities**

Every department has its own association. It organizes activities such as seminars, technical quizzes, paper presentations, sports, games and cultural programs with the support of management. These exercises help the members of the association in upgrading their insight and grow great relational abilities and interpersonal aptitudes.

### **Computerization Administration:**

All the information relating to the students are regularly registered in the college main data base. It includes the student's details with address and phone numbers, their exam results and analysis, internal marks, attendance percentages, fee structure etc.

### **Center of Excellences**

The college upgrades itself with the latest changing trends and methods and tries to implement them in an efficient way to the students. This gives rise to the new research aspects and opportunities to the students and faculty to bring creative and innovative look into their respective subjects. This helps us in gaining excellence towards developing new learning and teaching practices. The R&D cell has been a setting an effective impact in gaining excellence in research about upcoming technologies in the field. EDC cell of the institution inculcates the skills of entrepreneurship among the budding technocrats through guest lectures,

workshops, seminars and presentations organized in association with reputed organizations like NSIC etc.

### **7.3 Best Practices**

**7.3.1 Elaborate on any two best practices as per the annexed format (See page 77 of Manual for Accreditation) which have contributed to the achievement of the Institutional Objectives and/or contributed to the Quality improvement of the core activities of the college.**

The three best practices followed by the institution are explained below:

#### **Best Practice 1:**

➤ **Title of the Practice:** College Automation System (SIS)

➤ **Objectives of the Practice:**

In this automation system college has uploaded every student details like basic details of the student, internal and external marks, assignments, attendance from the time of admission and keeps on updating this information.

➤ **The context:**

In designing this course college has total information about the student's education and punctuality. From this every month we can know the update about the student. Students also have the facility to get the lesson notes from this system.

➤ **The Practice:**

- Basic details of every students like name, address, gender, caste, the copies of all the certificates initially uploaded in the Automation system(SIS)
- Individual accounts will be provided to all the students and faculty members of the college. The authorization will be assigned based on their designation.
- When the student passed/promoted to next semester all these details will be checked again and updated and the additional information is also added to the student profile.

## Mandatory Disclosure

---

- In every semester day by day attendance will be posted in the SIS by the faculty members so that without contacting anyone the authority can know about the punctuality of the student.
- Every faculty can upload the lecture notes in the SIS account so that the students can download the material and go through it.
- The other information beyond the syllabus will also be placed in the SIS as a lecture notes.
- The college collects materials for GATE, IELTS and GRE from various institutions and provided to the students through SIS.

### ➤ **Success proof:**

Almost all the students and staff are utilizing SIS services instead of manually verifying in the attendance registers.

## Best Practice II

1. Title of the Practice: Student Mentoring System
2. Goal

The important goal of presenting the 'Student Mentoring System' is to screen the scholastic, co-curricular and additional curricular execution of the students and as needs guide the understudies to use every one of the assets accessible in the establishment for all encompassing improvement of the students.

The system envelops persistent observation of students execution, recognizing qualities, weaknesses, conduct and states of mind, and offering passionate backing and particular proposals to enhance the students in all regards. The system likewise goes for embedding great propensities, conduct and human qualities among the students.

# **Mandatory Disclosure**

---

## **3. The Context**

The institution is situated near a small village called Paritala in Andhra Pradesh State and most of the students of the institution are from a rural background. Some of the students are even first generation literates in their families. Almost 60 to 70% of the students are from economically weaker sections who receive scholarship from the Government under 'Fee Reimbursement Scheme'.

Given such a background, many of the students literally have no proper guidance at home. What's more, inferable from the money related foundations and needs of their families; most folks are engaged with their occupations, employments, and so forth in this manner not able to commit adequate time to tutor their kids.

Further, many students see their teachers as their role models. The students may not appreciate their parent's advice/suggestions but almost always appreciate the kind words of a teacher, especially when personal care is offered.

In perspective of this, the establishment has thought of –Student Mentoring System to guide the students.

## **4. The Practice**

As part of –Student Mentoring System, about 15 students are assigned to a faculty as their mentor. The mentors are briefed by the senior faculty and/or Heads of the Departments before commencement of the academic year regarding the 'mentoring system'.

### **➤ Preparation by Mentors**

The mentors ascertain/understand the following particulars of a student to be able to assist the student effectively:

- **Family background:** Most of the students come from illiterate families. Many work as daily wage workers and some as farmers. This makes the student financially weak. Sometimes it also affects the student's education and interest towards learning.

## **Mandatory Disclosure**

---

- **Financial status of the family:** The financial conditions of the student's family affect the mindset of the learner. As they are completely dependent on the Government's Fee reimbursement' scheme they don't take their education seriously.
- **Student's background:** Student's past academic performance, co-curricular and extra-curricular interests, achievements in the past, hobbies, specialties, strengths, weaknesses, goals for future etc are recorded.

A Student Record is maintained by the institution for all the students to record student's personal particulars, details of attendance and academic performance at the institution.

### **Mentoring Process**

- Every class will have one 'counseling hour' every week to facilitate a quick 1:1 interaction between the faculty and the student.
- Prior to 1:1 session with the student, the faculty ascertain the details of student's attendance, performance in examinations/tests and behavior in the classroom from the respective class teachers.
- Details of attendance and performance are discussed during the 1:1 interaction. Suggestions / comments, if any, are noted in the 'Student Record' book.
- The student's opinion on the institution, challenges being faced by the student are also discussed during the interaction.
- Good behavior and performance are appreciated and improvements, if any, are suggested by the mentors.
- Good and top performers are further encouraged to aim at University ranks, higher studies and jobs in multi-national companies.
- Students are encouraged to participate in various co-curricular and extra-curricular activities organized by individual departments as well as the institution. The importance of participating in such activities for personal and professional development is emphasized during the counseling sessions.

## **Mandatory Disclosure**

---

- If some students are identified as slow learners, remedial classes are arranged for them in consultation with the Head of the Department.
- If the student's attendance and / or performance continues to be unsatisfactory, the same is escalated to the student's parents by phone.
- Parents are requested to offer necessary help to their children.
- If the counselor feels that a student needs additional help from senior faculty, the same is informed to the Head of the Department and then, if necessary, to the Principal also. The Head of the Department and the Principal also mentor the students when required.

### **Constraints / Limitations:**

Many students are from poor and illiterate families that depend on the Government's Scholarship for studies. Some of the students take part-time jobs in the evenings to support their families. Given such situations, some of the students are unable to spend enough time on their academics and on personal development.

As mentioned earlier, there are many first generation literates in their respective families. Their parents have no idea of the education system, rules and regulations even. If their children's are continuing to be non-performers, the parents are unable to help them.

Further, with the stringent academic schedule, the institution is unable to dedicate more time for individual mentoring of the students.

### **5. Evidence of Success**

As the students progress in their scholastics, the guides have dependably seen change as far as their clothing, individual attitude, scholarly execution, dialect and relational abilities.

Many students enhanced their execution reliably as a consequence of mentoring. Disregarding troublesome livelihood economic situations, the organization have great number of openings for work in campus placements.

## **Mandatory Disclosure**

---

The results clearly indicate that the Student Mentoring System is the need of the hour and that it immensely benefits the students. They improve not only in academics but also in co-curricular & extra-curricular activities, language skills etc. due to persistent efforts of respective mentors.

### **6. Problems Encountered and Resources Required**

While many students react emphatically to the coaching process and find a way to enhance their execution as students, there have been other people who have kept on being underperformers because of skepticism, hesitancy, inaction, and so forth. In specific cases, even folks are not able support/impact the students to perform better.

It is also observed that a few students join the course due to parent/family pressure and against their own will. It has been quite a challenge to mentor such students.

The mentors perseveringly endeavor to have any kind of effect in the lives of such students notwithstanding consistent hesitancy and inaction with respect to students.

### **Best Practice III**

**1. Title of the Practice:** Measure-Monitor-Manage System

**2. Goal**

As per the old and insightful aphorism “Prevention is better than cure” the organization dependably likes to adjust a proactive methodology towards all parts of the foundation and likewise makes a sacrosanct situation for improvement of the students and the staff.

The system likewise goes for giving a full scale level review of different parts of the establishment to the administration that empowers productive investigation, choice making and making arrangements for future advancement of the institution.

## **Mandatory Disclosure**

---

Moreover, the institution likes to include the staff during the time spent examination, choice making and arranging furthermore empower them to comprehend different parts of the foundation, difficulties connected with the same, handy measures to meet with the difficulties in this manner empowering authority and proprietorship among the staff.

### **3. The Context**

Running an expert instructive organization includes multi-faceted difficulties given the various foundations of the students, their guardians, resources, staff, and so on connected with the establishment and large number of exercises included in running of the establishment. An instructive establishment can't bear to commit errors and after that right the same. The establishment gives most elevated need to its notoriety among the partners and might want to take proactive measures to secure and upgrade the notoriety.

With the firm rivalry surrounding, it is much additionally trying for the organization to get by as well as to exceed expectations and have an enduring effect on the lives of the students and their families.

Given the intricacy of exercises and differing nature and needs of the partners, it is crucial to quantify and screen the adequacy of different institutional procedures in order to deal with the institutional exercises and turn out with more significant and pragmatic measures to accomplish institutional objectives.

### **4. The Practice**

Apart from the Governing Body, College Academic Committee, Internal Quality Assurance Cell and R & D Cell, the institution has constituted the following committees / cells for data collection, organizing activities, periodical reviews and suggesting further actions:

**Attendance Committee:** This committee collects the attendance details of all the students in respective departments and identifies students with shortages and

## **Mandatory Disclosure**

---

takes the details to the notice of respective Heads of the Departments and academic counselors so that the students are offered necessary guidance for their betterment.

**Association Committee:** The committee meets once in a month and plans departmental association activities across the departments. The members also discuss and finalize the activities so as to maintain consistency across the departments.

**Placement Committee:** Members of this committee act as placement coordinators for in-campus placement activities. They also assist the T&P team in data collection.

**Examination Committee:** Members of this committee act as departmental coordinators for conducting internal and external examinations within the institution.

**Alumni & Statistical Data Committee:** Responsible for maintaining updated details of alumni of the institution and also to interact with them frequently through social media, etc.

**JNTUK, AICTE, NBA & ISO Committee:** Works closely with the Principal and Internal Quality Assurance Cell and collects information required for submission to JNTUK, AICTE and prepares documentation for accreditation and certification activities.

**Transportation Committee:** This committee takes care of day-to-day running of the vehicles, regular proactive maintenance, repairs and upgrades of the vehicles. In addition, the committee plans the bus routes, seating arrangements for staff and students.

## **Mandatory Disclosure**

---

each committee / cell is led by a senior faculty with representatives from all the departments. Some of the committees have student representatives as members. All the committees meet at designated intervals to review the on-going activities and plan for future activities.

The Head of the Institution, along with the Heads of the Departments, conducts reviews with these committees / cells once in a month. The activities, achievements, challenges and issues faced by the committees are discussed and appropriate steps are taken from an academic point of view to achieve superior results in future.

The Chairman of the Governing Body, along with the Principal and HODs, conducts review of the activities of the committees once in three months. Appropriate decisions are taken to improve the infrastructure and maintenance of the facilities to create a better environment.

**Grievance & Redressed Cell:** Responsible for receiving and addressing the grievances of the students and the staff.

**Women Empowerment Cell:** Responsible for taking up initiatives to encourage the women to participate in the institutional activities and also take up leadership roles.

**Entrepreneurship Development Cell:** Responsible for creating entrepreneurial thinking among the students by organizing awareness camps, etc.

### **5. Evidence of Success**

The institution received ISO 9001:2008 Certification in the year 2015.

Following are some of the important achievements as a result of the Measure-Monitor-Manage system:

## **Mandatory Disclosure**

---

- Continuous monitoring of attendance has resulted in the least number of detention of the students due to attendance shortage.
- Students' performance has always been on-par with the University average
- Performance of the students in co-curricular and extra-curricular activities has been improving.
- Admissions are far better than the other colleges in the same town and than many other institutions in the state.
- Consistent placements achieved by the students in the last four years.
- Smooth running of the organization without any major bottlenecks.

### **6. Problems Encountered and Resources Required**

While the Measure-Monitor-Manage system aims at minimizing the problems at the institution level by taking proactive measures, there have been a few issues associated as mentioned below:

- In view of the stringent academic schedule and a vast syllabus to cover, the institution is unable to organize more departmental association activities, co-curricular and extra-curricular activities.
- Most of the students focus only on academics and seldom come forward for other activities. Encouraging them has been a herculean task for the mentors as well as for other faculty.
- As of now, most of the data collection is happening manually. The institution is considering the automation of data collection to make the whole process much more efficient.

### **7. Notes (Optional)**

All the information has been mentioned above.

## **35. SWOC analysis of the department and Future plans**

### **Strengths**

- Experienced and Knowledgeable Faculty members.
- Good Teaching Environment well equipped Laboratory, Library and Internet Facilities.
- Learning through Doing| kind of practice makes students good at their performances.
- Highly accessible faculty passionately involving in students' affairs
- High interaction with Industry People

### **Weaknesses**

- R& D and consultancy work has yet to pick up
- Inability to secure research grants from funding agencies

### **Opportunities**

- Very good opportunities in Construction industry
- Huge job opportunities in future with adaptation by State and Central governments
- Job oppurtunities in CRDA projects.
- Job oppurtunities in Local Infrastructure Projects (Vijayawada and Guntur)
- Oppurtunity to take up their own consultancy and contracts.

### **Challenges**

- Preparing the students to meet current corporate requirements technically.
- Inspiring the students and the faculty to take up research.
- Poor Communication Skills in Students.

### **Future Plans**

- Collaborating with premier Indian and foreign universities
- Securing more internship opportunities for the students
- Securing financial resources from various funding agencies
- Training the students to become entrepreneurs

2	PG	18
3	UG	NIL

16. Number of faculty with ongoing projects from National, International funding agencies and grants received: Nil

## **Mandatory Disclosure**

---

17. Departmental projects funded by DST-FIST; UGC, DBT, ICSSR, etc.  
and total grants received: Nil

18. Research Centre /facility recognized by the University; **Nil**

19. Publications: annexure -1 enclosed

a) Publication per faculty: **13**

- Number of papers published in peer reviewed journals (national / international) by faculty and students : **25**
- Number of publications listed in International Database (For Eg: Web of Science, Scopus, Humanities International Complete, Dare Database - International Social Sciences Directory, EBSCO host, etc.) **Nil**
- Monographs-**NIL**
- Chapter in Books-**NIL**
- Books Edited - **NIL**
- Books with ISBN/ISSN numbers with details of publishers –**NIL**
- Citation Index - **NIL**
- SNIP – **NIL**
- SJR - **NIL**
- Impact factor - Given The Above Table
- h-index – **NIL**

20. Areas of consultancy and income generated: Rs. **47,000.00**

Year	Nature of Work	Client	Income Genertated
2009-10	Transformer Testing	RK Transformers	Rs. 13,000
2012-13	Load Estimation	NUCON Blocks, Kanchikacherla	Rs. 14,000
2013-14	Electrical Mainteinance	NUCON Blocks, Kanchikacherla	Rs. 10,000
2014-15	Electrical Mainteinance	NUCON Blocks, Kanchikacherla	Rs. 10,000

## **Mandatory Disclosure**

### **31. Number of students receiving financial assistance from college, university, government or other agencies:**

<b>S.No.</b>	<b>Academic year</b>	<b>No. of Students</b>	<b>Financial Assistance</b>
1	2008-12	42	Government
2	2009-13	40	
3	2010-14	39	
4	2011-15	11	

Details on student enrichment programmes

(Special lectures/workshops /seminar) with external experts:

<b>S.No</b>	<b>Date</b>	<b>Event</b>
1	12/09/12 to 14/09/12	Three day national level Workshop on Matlab
2	15/09/2012	Medhavi-2k-12 “An excusive technical paper presentation”
3	15/09/13 to 16/09/13	Two day workshop on Advanced Power Systems
4	09/12/13 to 21/12/13	Conducted Campus recruitment training program for IV EEE students
5	15/09/14 to 16/09/14	A Two day workshop on Supervisory Control on PID
6	03/11/14 to 08/11/14	Energy conservation week
7	08/12/14 to 20/12/14	Conducted Campus recruitment training program for IV EEE students
8	14/08/15 to 21/08/15	Conducted Campus recruitment training program for IV EEE students
9	12/09/15 to 14/09/15	A Three day workshop on Wavelets

### **32. Teaching methods adopted to improve student learning:**

NPTEL, Coeerd, LEARNING WARE, LCD PROJECTOR, OHP, Real time systems examples, Industrial Tours

# **Mandatory Disclosure**

---

## **33. Participation in Institutional Social Responsibility (ISR) and Extension activities**

- Through NSS & Swarna Trust conducting awareness programs & helping the people working with good cause.
  - Green energy
  - Load Survey
  - Energy conservation week
  - Minimization of load
  - Solar initiation

## **34. SWOC analysis of the department and Future plans:**

### **STRENGTHS**

- Experienced, qualified and learned staff
- Good infrastructure as per academic standards
- Good Lab and Library facilities as for standards
- Eco friendly and Pollution free Environment
- Top management commitment
- The institute is well known for quality education and discipline
- Consistent good University results
- The Dept empowers rural youth
- Staff retention ratio is very high
- Good computation facility with necessary software
- Teaching methodologies as per GATE and IES Syllabus.
- Student centric facilities: JKC (Star status); Placement cell; Infosys campus connect ; professional student chapters ISTE, IEEE; e-Class Rooms, Internet facility, English language Lab

# **Mandatory Disclosure**

---

## **WEAKNESSES**

- Inadequate research and consultancy
- Lack of “Finishing School” facility

## **OPPORTUNITIES**

- Increased global need for quality engineering graduates
- Catering to the needs of rural youth thus touching the bottom of the pyramid in Nation building
- More jobs particularly in electrical industry
- Establishment of SEZs in India for industrial growth

## **CONSTRAINTS**

- Exponential growth of new Engineering Colleges
- Gradual deterioration in the standards of incoming students
- Unavailability of qualified and experienced staff due to rural background of the college
- Entry of foreign universities
- Number of students from rural areas with Telugu medium background

## **Future plans:**

1. To conduct national conference every year.
2. To conduct faculty development programs with the help of UGC/AICTE
3. International level symposiums for students to develop communication skills and leadership qualities.
5. Planning to Collaborate with reputed Industries to improve the technical skills of students and staff.
6. To activate Research & Development cell.
7. Planning industrial tours for II, III and IV EEE students.
8. Dept has proposed to Establish Motor winding and starters repair Workshop to give hands on experience to students.

# Mandatory Disclosure

## EVALUATION REPORT DEPARTMENT OF MECHANICAL ENGINEERING

1. Name of the department: **Mechanical Engineering**
2. Year of Establishment: **2012**
3. Names of Programmes / Courses offered (UG, PG, M.Phil., Ph.D., Integrated Masters; Integrated Ph.D., etc.)
  - UG: **B. Tech (ME)**
  - PG: **M. Tech (Thermal Engineering)**
4. Names of Interdisciplinary courses and the departments/units involved

Sl. No	Course	Department
1	English	Science & Humanities
2	Engineering Physics	Science & Humanities
3	Engineering Chemistry	Science & Humanities
4	Mathematics methods	Science & Humanities
5	Environmental Studies	Science & Humanities
6	Professional Ethics and Human Values	Science & Humanities
7	Managerial Economics and Financial Analysis	MBA
8	BEEE	Electrical Engineering
9	Instrumentation and Control systems	Electronics & Communication Engineering
10	Interactive computer graphics	Computer Science Engineering

### 5. Annual/ semester/choice based credit system (programme wise)

- UG: B. Tech - Mechanical Engineering Semester based Credit

## **Mandatory Disclosure**

---

System and Electives in Higher Semesters

- PG: M. Tech - Mechanical Engineering (Thermal Engineering)

Semester based Credit System and Electives in all Semesters

### **6. Participation of the department in the courses offered by other departments**

<b>Sl. No</b>	<b>Course Title</b>	<b>Department served</b>
1	Engineering Drawing	EEE, ECE, CE, CSE, IT
2	Engineering Mechanics	CE, CSE, IT, EEE, ECE
3	Hydro & Thermal Prime Movers	EEE
4	Hydro & Thermal Prime Movers Lab	EEE

### **7. Courses in collaboration with other universities, industries, foreign Institutions, etc.: CITD, CIPET**

### **8. Details of courses/Programmes discontinued (if any) with reasons: NIL**

### **9. Number of teaching posts**

### 30. Details of Infrastructural facilities

#### a) Library: **Plinth Area: 20m<sup>2</sup>.**

Department	Mechanical
No of Books	31
No of volumes	67

#### b) Internet facilities for Staff & Students

Wi-Fi enabled in the campus. Internet speed of 10 Mbps leased line from Netlinx India Ltd is available

#### c) Class rooms with ICT facility

Rooms	No of Rooms	Facilities Available (Rs.)
Lecture Rooms	6	Adequate no of tables , benches, Fans, Tube
Tutorial Rooms	2	Lights LCD Projector and , Benches, Chalks & Dusters

## Mandatory Disclosure

### d) Laboratories

Sl. No.	Name of the laboratory	Area (Sq. m)	Major Equipment	Quantity	Exclusive / Shared		
1	Engineering Workshop	150	Hand Tools		Exclusive		
2	Machine Tools Lab	150	Lathe Machine	2	Exclusive		
			Milling Machine				
			Shaper	1			
			Slotting Machine	1			
			Drilling Machines	1			
			Grinding	1			
3	Production Technology Lab	75	Muffle Furnace	1	Exclusive		
			Welding machines				
			Sand testing Equipment			1	
			Injection Moulding			1	
			Blow moulding	1			
4	Instrumentation, Lab	66	Instruments	1	Exclusive		
5	Metrology Lab	66	Instruments				
6	Heat Transfer Lab	90	Conductivity Apparatus	1	Exclusive		
			Convection Apparatus				
			Heat Exchanger		1		

## Mandatory Disclosure

			Emissivity	1	
7	Thermal Engineering Lab	90	IC Engines	1	Exclusive
			Air compressor	1	
			Cut Models	1	
			Boilers Models	1	
8	CAD-CAM Lab	66	Software		Exclusive
9	Metallurgy Lab	66	Microscopes and Metallic structures		Exclusive

### 31. Number of students receiving financial assistance from college, university, government or other agencies

Sl. No	Academic Year	Course UG/PG	No. of Students	Financial assistance from
1	2012-2013	UG	48	Government (Under Fee Re-imburement scheme)
2	2013-2014	UG	47	
3	2014-2015	UG	22	
4	2015-2016	UG	66	

## **Mandatory Disclosure**

---

### **32. Details on student enrichment programmes (special lectures / workshops / seminar) with external experts**

#### **Workshops:**

<b>S.NO</b>	<b>Name of the workshop</b>	<b>Academic year</b>	<b>Dates</b>	<b>No.of days</b>	<b>No.of students attended</b>
<b>1</b>	Advances in cadd	2013-2014	9-10-13 to 10-10-13	2	45
<b>2</b>	Basic manufacturing processes and technologies	2013-2014	10-6-14 to 11-6-14	2	48
<b>3</b>	Tekla structures	2014-2015	3-10-14to 4-10-14	2	65
<b>4</b>	Finite element analysis of solids	2014-2015	12-12-14to 13-12-14	2	56
<b>5</b>	Non destructive testing techniques	2015-2016	21-8-15 to 22-8-15	2	150
<b>6</b>	Introduction to welding processes	2015-2016	23-10-15 to 24-10-15	2	102

### **33. Teaching methods adopted to improve student learning**

- Power point presentations/Video lectures/OHPs are arranged to the students by the concerned faculty.
- Tutorial classes are conducted to improve the problem solving skills Conducting class tests after completion of prescribed syllabus

## **Mandatory Disclosure**

---

- Providing extra content to fill the gap between academics and industry
- Conducting remedial classes for slow learners to improve their academic performance
- Assignments are given to students based on the need of the topic
- Easy access to the notes of each subject from department library
- Two Internal assessment tests are conducted
- Providing extra lab practice to all the students to improve the practical skills along with regular curriculum.
- For practical classes, one model test is conducted
- Encouraging the students to deliver a seminar on topic related to subject in the allotted period.
- Delivering staff seminars on advanced topics
- Arranging workshops/guest lectures to students by eminent personalities from academic institutions and Industry to enhance the knowledge of student
- Arranging Industrial Visits
- NPTEL lectures

### **34. Participation in Institutional Social Responsibility (ISR) and Extension activities**

#### **a) NSS activities**

- Involving students as volunteers for conducting blood donation & eye check-up camps
- Swatchh Bharat program at Paritala village..
- Organised blood donation camp 15-10-15.
- Organised eye check up camp 15-10-15.

## **Mandatory Disclosure**

---

### **34. SWOC analysis of the department and Future plans**

#### **Strengths:**

- Qualified and experienced faculty.
- Well equipped and spacious laboratories.
- Active participation of faculty in research activities.
- Good industry - institution interaction.
- Good employability for students after completion of course.

#### **Weaknesses:**

- Lack of Industrial research and consultancy.
- Less number of publications in journals

#### **Opportunities:**

- Opportunity to perform various experiments in industries for project works in final year.
- Opportunities to have an insight into entrepreneurship through interaction with industry personnel.
- Amicable management with generous attitude in the form of lucrative special pays and incentives with additional perks and allowances to attract highly qualified and efficient and veteran faculty.

# **Mandatory Disclosure**

## **EVALUATION REPORT DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING**

- 1 Name of the department : **Electronics & Communication Engineering.**
- 2 Year of Establishment : **2008**
- 3 Names of Programmes / Courses offered:  
**UG: B.Tech -Electronics & Communication Engineering (ECE)**  
**PG: M.Tech – Communication Engineering and Signal Processing (CE&SP)**
- 4 **Names of Interdisciplinary courses and the departments/units involved:**

<b>S. No</b>	<b>Interdisciplinary</b>	<b>Department Involved</b>
1	Electrical Technology and Network analysis	Electrical & Electronics Engineering
2	Management science and Managerial Economics & Financial Analysis	Management Business Administration
3	Data structure, Computer networks and Computer Architecture & Organization	Computer Science & Engineering
4	Environmental Studies and Intellectual Property Rights	Science & Humanities

- 5 Annual/ semester/choice based credit system (Program wise):
  - a) B.Tech (Electronics & Communication Engineering) – **Semester based Credit system- Electives for Higher semester wise**
  - b) M.Tech (CE &SP) - Semester based Credit system- **Electives in all semesters.**

## Mandatory Disclosure

---

### 6. Participation of the department in the courses offered by other departments:

S.No.	Courses	Courses offered to Departments
1	BEDC,LDIC,MP&MC and EDC Lab	Electrical & Electronics Engineering
2	DLD and MP&MS	Computer Science & Engineering

### 7. Courses in collaboration with other universities, industries, foreign institutions, etc.:

The List of companies with which the college has collaboration are

S.No.	Name of the Industry	Activities
1	Cranes Software International Ltd	1.Work shop for the Students & Faculty 2.Guest Lecturers 3.Road show 4.Project Internship
2	ATI EPI	1.Work shop for the Students 2.Project Internship

8. Details of courses/programmers discontinued (if any) with reasons : Nil

9. Number of Teaching posts:

Staff Designation	Sanctioned	Filled
Professors	3	4
Associate Professors	6	7
Asst. Professors	19	19

## **Mandatory Disclosure**

10. Faculty profile with name, qualification, designation, specialization,  
(D.Sc./D.Litt. /Ph.D. / M. Phil. etc.,)

<b>S.No</b>	<b>Name of the staff member</b>	<b>Qualification</b>	<b>Designation</b>	<b>Experience</b>
1	Dr.P.V.Naganjaneyulu	M.Tech(C&SP), Ph.D (Wireless Communications)	Professor &Principal	15 Years
2	Dr. K.M. Chari	M.Tech(Communi cations),Ph.D(Ima ge Processing)	Professor	20 Years
3	Dr. Ch. Srinivasa Kumar	M.Tech(Applied Electronics),	Professor& HOD	28 Years
4	Mr.S.Koteswara Rao	M.Tech (Int. & CS), (Ph.D)	Professor	7 Years
5	Mr.M. Shafi Shahsavari	M.Tech(Wireless Communications), (Ph.D)	Assoc. Prof.	15 Years
6	Mr.K.Syam Babu	M.Tech(VLSI Design), (Ph.D)	Assoc. Prof.	13 Years
7	Mr.A.Ravi	M. Tech(S&SP), (Ph.D )	Assoc. Prof.	10 Years
8	Mr.A.Srinivasa Rao	M. Tech (VLSI SD)	Assoc. Prof.	9 Years
9	Mrs. G.Sree Lakshmi	M. Tech(C&SP)	Assoc. Prof.	7 Years
10	Mr.V.L Satyanarayana	M. Tech(ES)	Assoc. Prof.	7 Years
11	Mrs. V Santhi Sree	M. Tech(VLSI)	Assoc. Prof.	10 Years
12	Mr.N.Siva Govind	M. Tech(ES)	Asst.Prof.	7 Years

## Mandatory Disclosure

13	Mr.Mandure Rajan	M. Tech(C&SP)	Asst.Prof.	7 Years
14	Mr.S.Venkata Naresh	M. Tech(DECS), (Ph.D)	Asst.Prof.	6 Years
15	Mr.Ch.Bala krishna	M. Tech (ES)	Asst.Prof.	5 Years
16	Ms.N.Ramya	M. Tech(SSP)	Asst.Prof.	1Year
17	Mrs.P.Anjalidevi	M. Tech(VLSI)	Asst.Prof.	4 Years
18	Ms.Ch.Karuna pravaha	M. Tech(CE&SP)	Asst.Prof.	4 Years
19	Mrs.V.Navya Sri	M. Tech (DECS)	Asst.Prof.	4 Years
20	Ms.V.Maheswari	M. Tech(VLSI)	Asst.Prof.	4 Years
21	Mr.V.Sai Ram	M. Tech(MWE & RADAR)	Asst.Prof.	3 Years
22	Mr. R.Ranjit Kumar	M. Tech(CS)	Asst.Prof.	3 Years
23	Mr.S.Teja	M. Tech(ECE)	Asst.Prof.	3 Years
24	Mrs.R.Adi Lakshmi	M. Tech(CE&SP)	Asst.Prof.	3 Years
25	Mrs.D.S. Padmavathi	M. Tech (SSP)	Asst.Prof.	3 Years
26	Mr.P.Pradeep	M. Tech (VLSI SD)	Asst.Prof.	2 Years
27	Ms.J.Anusha	M. Tech (CE&SP)	Asst.Prof.	2 Years
28	Ms.Suneela	M. Tech(ECE)	Asst.Prof.	2 Years
29	Mr.K.Bharadwaj	M. Tech(VLSI)	Asst.Prof.	1 Years
30	Mr. K. Rajesh Babu	M. Tech(VLSI)	Asst.Prof.	3 Years

## Mandatory Disclosure

### 11. List of Senior Faculty Visiting:

S.No.	Name of the Faculty	Designation	Place
1	Dr.K.Satya Prasad	Professor	JNTUK, Kakinada
2	Dr.N.Balaji	Professor	JNTUVZ, Vizayanagaram
3	Dr.Ch.Srinivasa Rao	Professor	JNTU Vizayanagaram
4	Dr.K.Babulu	Professor	JNTUK,Kakinada
5	Dr. M.N. Giri Prasad	Professor	JNTUA, Ananthapur
6	Dr. Sk. Rafi	Professor	IITG, Guwahati
7	Dr. A.Narendra Babu	Professor	LBRCE, Mylavaram
8	<i>Dr. G.L.Madhumati</i>	Professor &HOD	DIET, Vijayawada
9	<i>Dr.Habibullah Khan</i>	Dean	KLU ,University

### 12. Percentage of lectures delivered and practical classes handled

(programme wise) : **Nil**

### 13. Student -Teacher Ratio (programme wise) :

**UG: B.Tech in Electronics and Communication Engineering: -**

**15:1**

**PG: M.Tech in Communication Engineering and Signal**

**Processing: - 12:1**

### 14. Number of academic support staff (technical) and administrative staff;

Sanctioned or filled:

S.No	Staff Designation	Sanctioned	Filled
1	Academic Support Staff ( Technical)	6	4
2	Administrative Staff	2	2

### 15. Qualifications of teaching faculty with Dsc/D.Litt/P.hd/Mphill/PG

S.No	Qualification	Faculty Numbers
1	Ph.D	4
2	PG	26

## **Mandatory Disclosure**

---

16. Number of faculty with ongoing projects from a) National b) International funding agencies and grants received: **National and International funding - Nil**

**c) Private :**

<b>Year</b>	<b>Number of Faculty</b>	<b>Ongoing Project</b>	<b>Funding agency</b>	<b>Amount Received</b>
2014-15	8	Electronic Wire Less Notice Board	SAK Informatics Ltd, HYD	Rs.80,253/-
2013-14	6	Fire Alarm Robotics	SRS Technologies, Vijayawada	Rs.90,101/-

17. Departmental projects funded by DST-FIST; UGC, DBT, ICSSR, etc. and total grants received: **Yes**

**DST-FIST Applied for women scientist project**

18. Research Centre /facility recognized by the University: **Yes**

**In House Research was Established in Conjunction with the Industry Cranes Software International Ltd**

## **Mandatory Disclosure**

32. Details of student enrichment programmes (special lectures / workshops / seminar) with external experts:

Academic Year	Date	Name of the Topic	Organized by	Objective
2015-2016	12/8/2015	VLSI DESIGN AND HANDS ON EXPERIENCE WITH PROGRAMING XILINX	ECE Department	Students are made to know about VHDL programs using XILINX
	14/9/2015 to 16/09/2015	IETE STUDENT FORUM	ECE Department	The main objective is update about recent technologies
2014-2015	9/6/2014	EFFETRONICS visited as a part of industrial visit for IV/IV B.Tech Students.	ECE Department	To increase the technical skills on embedded systems
	23/8/2014	Guest Lecturer on optical fiber communications	ECE Department	Optical Fiber Communications With Revolutionary Changes
	24/9/2014	RACE EVENT as a part of club Activity organized	ECE Department	Motivate the students towards the technical and cultural events
	29/9/2014	PROJECT EXPO for IV/IV B.Tech Student	ECE Department	To explore the students innovative ideas
	20/11/2014 to 30/11/2014	NORTH INDUSTRIAL TOUR for III/IV B.Tech	ECE Department	To improve the practical applications
	08/12/2014 to 20/12/2014	Conducted Campus recruitment training program for IV ECE students	ECE Department	Improve the skills to attend the interviews with more effective
	23/1/2015 to 24/1/2015	A workshop on PCB design for II ECE	ECE Department	To know about how to design PCB layout by using software
	26/3/2015 to 27/3/2015	TECHNOSTAV 2K15 organized by ECE	ECE Department	To improve leadership qualities
	10/3/2015	IETE STUDENT FORUM is opened	ECE Department	To improve the technical skills
2013-2014	18/7/2014	DOORDHARSHAN visit on for IV/IV B.Tech Students	ECE Department	To analyze the real time application towards broadcasting applications

## **Mandatory Disclosure**

---

	4/7/2014	RADIO STATION visited as a part of Industrial visit for III/IV	ECE Department	To analyze the real time application towards broadcasting applications
	09/12/2013 to 21/12/2013	Conducted Campus recruitment training program for IV ECE students	ECE Department	Improve the skills to attend the interviews with more effective
	17/12/2013 to 23/12/2013	SOUTH INDUSTRIAL TOUR for IV/IV B.Tech Students	ECE Department	To improve the practical applications
2012-2013	9/05/2013	Seminar on BSNL to hold	ECE Department	To Know About Latest technologies in Tele communications
	3/07/2012 to 4/07/012	Engineering Expo	ECE Department	Engineering Expo Including Problems in technologies and its solutions
	12/9/2012 to 14/09/2012	Three day national level Workshop on Mat lab Software	EEE Department	Increase the skills by using mat lab
	15/09/2012	Medhavi-2k-12 “An exclusive technical paper presentation”	ECE Department	To know the advanced technical skills

### **33. Teaching methods adopted to improve student learning:**

- Tutorial sessions
- Remedial Classes
- Group discussions
- Project Based Training Programs.
- NPTEL Video Lectures
- Application oriented Teaching
- Assignments
- Seminars on latest developments in Technology by students.

## **Mandatory Disclosure**

---

### **34. Participation in Institutional Social Responsibility (ISR) and Extension activities:**

#### **NATIONAL SERVICE SCHEME**

**NSS:** The Department has an NSS Unit with a total strength of 50 members, affiliated to JNTUK bearing Unit. The Unit was established with an objective to cultivate the attitude of social service in the minds of students and to make them responsible citizens.

**Infrastructure details of NSS Unit:** NSS Unit of the college is located in a separate room with the following infrastructure.

<b>S No.</b>	<b>NAME</b>	<b>QTY</b>
1.	Student Benches	10
2.	Filing Rack	2
3.	Fan	4
4.	Spades	3
5.	Notice Board	1

**NSS Activities** To encourage students in serving the nation and society, the nearby villages are adopted and seven day special camps are conducted. Students in large number actively participate under the guidance of program officer. Awareness regarding cleanliness, importance of education, health care and self help is given. The camps are organized by students every year. Social issues and plantation of saplings are given importance during the camps. Blood donation camp is organized by NSS frequently. The students organize different campaigns in the villages surrounding the college. Community developmental activities like AIDS awareness programs, waste management programs contribute to community and national development and also create awareness about ecology and environment.

The **RACE Club** of the department, which is a group of students from all classes and supervised by a senior faculty member, chalks out programs to create awareness among students about the importance of cleanliness, conservation and

## **Mandatory Disclosure**

environment protection. The club has taken up Save Water Campaign in the college to create awareness among students about conservation. Through the Clean Environment Program the club took up the responsibility of keeping the college a litter free and plastic free campus with the participation of the students. The club has also taken up the responsibility of maintaining and protecting the green cover around the college premises

NSS Unit of the college organizes a seminar on – Anti ragging every year.

Medical camps are organized on regular basis. Under NSS, eye check up and promoting blood donations are done

College NSS Unit Received Best NSS Unit Award Under JNTUK in the year of 2011-2012

### **National service scheme events**

<b>S.No.</b>	<b>Date</b>	<b>Activity/Event</b>	<b>Conducted By</b>	<b>Venue</b>
<b>2015-16</b>				
1	15/10/2015	Blood donation Camp	MVR	MVR
2	15/10/2015	Eye checkup	MVR	MVR
<b>2014-15</b>				
3	26/09/2014	Cyclone Relief Fund for Hud-Hud		
4	16/08/2014	CAPP	MVR	Vijayawada
5	17/06/2014	Condolence for VNR VJ Students ,HYD Who lost their lives during their industrial Training at Himachal Pradesh	MVR	Vijayawada
<b>2013-14</b>				
6	26/03/2014	Blood donation Camp	MVR	MVR

## **Mandatory Disclosure**

---

<b>2012-13</b>				
7	27/08/2012	Blood donation Camp	MVR	MVR
8	11/07/2012	Student issues in R.T.C. Bus	MVR	VJA-KCL

### **35. SWOC analysis of the department and Future plans:**

#### **STRENGTHS:**

- The Department has Experienced and well Qualified Faculty
- More than 60% Faculty ratified by JNTUK
- Good infrastructure as per academic standards
- Good Library facilities as for standards
- Teaching methodologies as per GATE and IES Syllabus.
- Student centric facilities: JKC, Placement cell.
- Student chapters IETE, e-Class Rooms, Internet facility, English language Lab and  
the Department has well equipped laboratories with modern equipments.
- The Department organizes various activities like Project Competition, Guest Lectures and seminars for updating Technical Knowledge every year.

#### **WEAKNESS:**

- Inadequate Research
- Less number of publications in international journals
- Less Number of International Conferences and Symposium

#### **OPPORTUNITIES:**

- Placement classes for Students
- Scope for further extension of Infrastructural facilities
- Improvement of Student employability

## **Mandatory Disclosure**

---

- Students can attend internships and workshops thereby can Enhance their skills
- Catering to the Rural youth thus touching the bottom of the pyramid in Nation building
- More jobs particularly in Electronics And communication Industries
- Faculty Development programs

### **CHALLENGES:**

- Aiming to establish Best Research Department
- Exponential growth of new Engineering Colleges
- Aiming for university ranks and distinctions
- Improving the literacy rate in rural areas
- Increasing role of the institute in collaborative R & D projects
- Tough to meet industry demand and market challenge
- Gradual deterioration in the standards of incoming students
- Entry of foreign universities
- To Get NBA and NAAC Accreditation.

### **FUTURE PLANS:**

- To conduct national conference every year
- To Enhance more specializations in M.Tech.
- Applying for external funded research projects with collaboration of government and private organizations, establishing MOUs with National /International, academic/research organizations
- To conduct faculty development programs with the help of UGC/AICTE
- Planning to Collaborate with reputed Industries to improve the technical skills of students and staff.
- To activate Research & Development cell.

# Mandatory Disclosure

## EVALUATION REPORT

### DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

- 1. Name of the department:** Computer Science & Engineering
- 2. Year of Establishment:** 2008
- 3. Names of Programmes / Courses offered**  
(UG- Bachelor of Technology, PG- Master of Technology)

S.No.	Course	Specialization	Year Established
1	B.Tech.	C.S.E.	2008
2	M.Tech.	C.S.E.	2012

- 4. Names of Interdisciplinary courses and the departments/units involved**

Sl. No	Year& Semester	Subject	Department involved
1	I Year-I semester	English-I	Science & Humanities
2	I Year-I semester	Mathematics-I	Science & Humanities
3	I Year-I semester	Engineering Chemistry	Science & Humanities
4	I Year-I semester	Engineering Mechanics	Mechanical
5	I Year-I semester	Environment Studies	Science & Humanities
6	I Year-I semester	Engineering Chemistry Lab	Science & Humanities
7	I Year-I semester	English Communication Skills Lab-I	Science & Humanities
8	I Year-II semester	English-II	Science & Humanities
9	I Year-II semester	Mathematics-II	Science & Humanities
10	I Year-II semester	Mathematics-III	Science & Humanities
11	I Year-II semester	Engineering Physics	Science & Humanities

## Mandatory Disclosure

12	I Year-II semester	Professional Ethics & Human Values	MBA
13	I Year-II semester	Engineering Drawing	Mechanical
14	I Year-II semester	English Communication Skills Lab-II	Science & Humanities
15	I Year-II semester	Engineering Physics Lab	Science & Humanities
16	I Year-II semester	Engineering Physics - Visual Labs-Assignments	Science & Humanities
17	I Year-II semester	Engineering Workshop	Mechanical
18	II Year-I semester	Managerial Economics and Financial Analysis	MBA
19	II Year-I semester	Mathematical Foundations of Computer Science	Science & Humanities
20	II Year-I semester	Digital Logic Design	ECE
21	II Year-I semester	Data Logic Design Lab	ECE
22	II Year-II semester	Probability nad Statistics	Science & Humanities
23	III Year-I semester	IPR and Patents-1	MBA
24	III Year-II semester	Management Scince	MBA
25	III Year-II semester	IPR and Patents-2	MBA

### 5. Annual/ semester/choice based credit system (programme wise)

#### For UG:

Year	System
I,II, III, IV	Semester

#### For PG:

Year	System
I	Semester
II	Year

2012-13	Free Health Camp	Paritala	06/10/2012
2011-12	NSS –Blood Donation Camp	MVR Campus	11/02/2011

### **36. SWOC analysis of the department and Future plans**

#### **Strengths**

- Experienced and Knowledgeable Faculty members.
- Good Teaching Environment well equipped Laboratory, Library and Internet Facilities.
- Learning through Doing kind of practice makes students good at their performances.
- Highly accessible faculty passionately involving in students' affairs
- High interaction with Industry People

# **Mandatory Disclosure**

---

## **Weaknesses**

- R& D and consultancy work has yet to pick up
- Inability to secure research grants from funding agencies

## **Opportunities**

- Very good opportunities in Information Technology industry
- Huge job opportunities in future with adaptation of Information Technology by State and Central governments
- Opportunities due to adaptation of ICT in education

## **Challenges**

- Preparing the students to meet current corporate requirements technically.
- Inspiring the students and the faculty to take up research.
- Poor Communication Skills in Students.

## **Future Plans**

- Collaborating with premier Indian and foreign universities
- Securing more internship opportunities for the students
- Securing financial resources from various funding agencies
- Training the students to become entrepreneurs

2011-12	Awareness on Eye Donation Camp [In Association with Swecha Gora Eye Bank]	College Premises	02-04-2011
	Survey on the problems encountered by commuters of RTC buses	Vijayawada – Kanchikacherla route	15-07-2012
	MVR Planet Saving Programme	Nokia priority, Vijayawada	24-09-2012

### **35. SWOC analysis of the department and Future plans**

#### **Strengths**

- Experienced and Knowledgeable faculty members.
- Conducting personality development activities and industrial visits
- Good Teaching Environment, Library and Internet Facilities.
- Conducting business labs for students and developing advanced information in different areas
- Highly accessible faculty
- Good infrastructure in the college campus
- Rapidly learnt new information and approaches

#### **Weaknesses**

- Lack of international journals and publications
- Lacking collaborations with professional bodies
- Lack of strategic management system
- Research and development needs a boost

# **Mandatory Disclosure**

---

## **Opportunities**

- Growing demand for MBA professionals all over the world
- More opportunities for becoming self-employed
- Reforms in industrial policies by Central and State Governments leading to new opportunities
- Possible new jobs due to –Make in India initiative

## **Challenges**

- Students from diverse backgrounds and qualifications
- Take challenge for 100% placements
- Communication and language skills of the students
- Conducting national level seminars and management meets
- To tune up the students to meet current corporate requirements technically.
- Enough Motivation / training is required to publish their articles in high impact oriented international journals.

## **Future Plans**

- Planning to send MBA students for SIT(Summer internship programme) to NABARD
- Planning to introduce certificate courses in collaboration with APPC

# **Mandatory Disclosure**

## **EVALUATION REPORT** **DEPARTMENT OF SCIENCE & HUMANITIES**

1. Name of the department: **SCIENCE AND HUMANITIES**
2. Year of Establishment: **2008**
3. Names of Programmes / Courses offered (UG, PG, M.Phil., Ph.D., Integrated Masters; Integrated Ph.D., etc.)

- UG: **B. Tech**

4. Names of Interdisciplinary courses and the departments/units involved

<b>S.No.</b>	<b>Programme</b>	<b>Inter disciplinary Courses offered by</b>	<b>Departments involved</b>
1	<b>I B.Tech</b>	Computer Programming	CE,EEE,ME,ECE,CSE
2		Electric Circuit Analysis	Electrical & Electronics
3		Network Analysis	Electrical & Communication
4		Engineering Drawing, Engineering Work shop Engineering mechanics	CE,EEE,ME,ECE,CSE
5		I.T work shop	CE,EEE,ME,ECE,CSE

## Mandatory Disclosure

6. **Annual/ semester/choice based credit system (programme wise)**
  - **UG: B.Tech** – All Branches Semester based Credit Systems
7. **Participation of the department in the courses offered by other departments**

S. No	Course Title	Department served
1	English communication practice training & soft skills English communication & practice	All Branches in I.B.Tech & IV MECH
2	Mathematics – M-I, M-II,&M-III CVSM P&S MFCS P&S QABD	All Branches in I.B.Tech II B.Tech-I Semester(EEE) II B.Tech-I Semester(CE ) II B.Tech-I Semester(CSE) II B.Tech-II Semester(CSE) I MBA-I Semester
3	Environmental studies	II B.Tech-I Semester(ECE) II B.Tech-II Semester(EEE)

8. **Courses in collaboration with other universities, industries, foreign Institutions, etc.:**

The department has been offering a certificate course on water testing.

English Communication skills, Arithmetic & Reasoning

9. **Details of courses/Programmes discontinued (if any) with reasons: NIL**

10. **Number of teaching posts**

	Sanctioned	Filled
Professors	4	5
Associate Professors	7	7
Asst. Professors	20	20

**32. Details on student enrichment programmes (special lectures / workshops / seminar) with external experts:** Refer Q no.24

### **33. Teaching methods adopted to improve student learning**

- Power point presentations/Video lectures/OHPs are arranged to the students by the concerned faculty.
- Tutorial classes are conducted to improve the problem solving skills Conducting class tests after completion of prescribed syllabus
- Providing extra content to fill the gap between academics and industry
- Conducting remedial classes for slow learners to improve their

## **Mandatory Disclosure**

---

academic performance

- Assignments are given to students based on the need of the topic
- Easy access to the notes of each subject from department library
- Two Internal assessment tests are conducted
- Providing extra lab practice to all the students to improve the practical skills along with regular curriculum.
- For practical classes, one model test is conducted
- Encouraging the students to deliver a seminar on topic related to subject in the allotted period.
- Delivering staff seminars on advanced topics
- Arranging workshops/guest lectures to students by eminent personalities from academic institutions and Industry to enhance the knowledge of student
- NPTEL lectures

### **34. Participation in Institutional Social Responsibility (ISR) and Extension activities**

#### **a) NSS activities**

Involving students as volunteers for conducting blood donation & eye check-up camps

#### **NSS Activities 2015-16**

Swatch Bharat program at Paritala village..

- Donated Rs.5000 worth Grinder to SKCV trust
- Donated Rs.15000 to the Chief Minister's Relief Fund

### **35. SWOC analysis of the department and Future plans**

#### **STRENGTHS**

- Qualified and experienced staff
- Modern state of the art Infrastructure facilities
- Pollution free and Eco friendly Environment
- Top management commitment

## **Mandatory Disclosure**

---

- The institute is well known for quality of education and discipline
- Consistently good University results
- Placement cell; e-Class Rooms, Internet facility, English language Lab
- The institution empowers rural youth
- Staff retention ratio is very high
- Good computation facility with adequate software

### **WEAKNESSES**

- Inadequate research and consultancy
- Less no. of Doctorates
- Poor Quality of incoming students

### **OPPORTUNITIES**

- Increased global need for quality engineering graduates
- Catering to the rural youth thus touching the bottom of the pyramid in Nation building
- More jobs particularly in software industry
- Establishments of SEZs in India for industrial growth

### **CONSTRAINTS**

- Exponential growth of new Engineering Colleges
- Gradual deterioration in the standards of incoming students
- Unavailability of qualified and experienced staff due to rural background of the college
- Entry of foreign universities

### **FUTURE PLANS**

- To enter into MOUs with Central Institutions and IITs .
- To take up R&D projects from funding agencies like DST, UGC and
- To take up consultancy works of at least Rs.3 lakhs in next three years in the area of environmental science, engineering chemistry and engineering physics.
